Comments	I would like to object most strongly to this application. 1. The proposed plan will create large amounts of congestion on the surrounding roads, when stadium is in use. 2. This in turn will lead to safety issues. Are pedestrians catered for in this plan? 3. A lot of pollution will be created by the increase of traffic in the area, especially buses lorries and other vehicles 4 Being situated in low lying land, there is increased risk of flooding.
