Comments	I have major concerns about traffic chaos on match days. My elderly parents live in kidlington garden city. They will no doubt be subject to parking restrictions, and be 'trapped' in kidlington or sat in heavy traffic. They sadly need the hospital at very short notice on occasions, and I worry they will not get there, or us to them when they need help. If roads are closed this will certainly be the case, affecting roads which are often full to capacity anyway. I am in full support of a new stadium, but not where it blocks roads and emergency routes to a major hospital.
