Type of Comment	Objection
Туре	neighbour
Comments	With an expected number of spectators exceeding 10,000 arriving by public transport I am not convinced that these facilities do, or could, exist.  If spectators do not arrive on public transport there are insufficient facilities for parking for this number of vehicles.  Currently, nor in the application, is there planning for this number of spectators to cross the busy Kidlington to Oxford road.  This number of spectators crossing the Kidlington to Oxford road would cause traffic disruption.  This number of spectators would all be arriving in the hour before and the hour after the match. This could lead to unacceptable disruption of traffic including regular bus services.
