This is such a an amazing opportunity for not only the football club but the youth of the village which has been selected to be the home of the new stadium. My son may only be 11 but he is so excited to be able to watch his home team in matches only a stones throw away from his home. It's all he's been talking about. I feel this would be good for the local community and companies as match days will mean the village will be busy for traders and local eateries and pubs. The transport links to the village are already well established and I just think it's a great opportunity for the village.
