I have previously spent many years living away from my birthplace of Oxfordshire, and Oxford United have been a central anchor in keeping me connected to the area, to family and friends, and to the fantastic community that is the Oxford United fanbase. Without the club, I suspect much of this would not have happened. Those against the stadium either don't understand this, or don't want to, and their perceived fears have unfortunately been fed by a malicious campaign against the club and its fans, conducted by a small group of professional objectors.

But the world, and football, has moved on. Matches are attended by people of every race, creed, colour, age, gender, and class. I urge you to approve this application, not for me, nor for my generation, but for the many thousands of children and young people who will benefit from it in years to come. It's a marvellous opportunity to give this county world class sporting facilities to match its world wide fame. You have the chance to be heroes to many, please do not pass this opportunity up.
