Comments	This proposed stadium will provide brilliant transport links from all around the county of Oxfordshire. It will greatly reduce the need for car transport & will provide jobs and economic benefit for the people of Kidlington & beyond. This investment into one of Oxfordshire's oldest institutions is fantastic & the planning application and the 'Green Development' element of it will also enhance the biodiversity of the site.  It will also provide jobs for the local community & much needed investment in the local area

& its facilities.

This county deserves world class, state of the art facilities that will be world leading once they are built.
