<b>Comments</b>	<input type="text" value="The Oxford United Football Club are in desperate need of a new ground because their lease is due to expire. Ideally this needs to be as close to Oxford as possible. Having researched numerous sites the Kidlington site is ideal because of its proximity to Oxford and because it would not cause any loss as a public amenity but would enhance the facilities for the residents of Kidlington and surrounding areas. At present the public have no right of access to the land so any objections on the basis of loss of amenity has little merit. The location of the site has little direct impact on Kidlington and in any event is normally app. 4 hrs. a week for app 7 months of the year. The urgency for a decision cannot be stressed enough since any delays has a direct impact on the building."/>
