I am in full support of the proposed relocation of Oxford United Football Club, as a Chairman of a youth football club I believe The Council

should be doing everything in it's power to facilitate this, Stratsfield break would have been the ideal location as this now needs some serious investment to bring it back up to being suitable for playing any kind of sport let alone football but has now fallen way behind other venues/locations, The triangle is seen to be the best alternative, it has great links to and from Oxford and the surrounding areas/villages I feel this would generate alot of interest from residents and companys from these areas, in summary it can only be a positive thing for everyone involved in and out of football and must be pushed along to get it completed.
