Comments	I am a staunch Oxford united support who has travelled home and away for the last 35 years. It's time we, as a club finally have a place we can call home in the new stadium. Away from the clutches of Mr Kassam. With the plans be a sustainable all electric stadium, I feel it shows that not only are we thinking of the club but also the community of Oxford. With great access via the train statio I would be able to leave the car at home and travel on public transport.

Without this stadium we will be left homeless, meaning we are at risk of losing our club. This stadium is for our future, our children's future.
