Dear Sirs

I object to the development of the site for a stadium. There are a great many ways in which this development is unsuitable and inappropriate but my main objections are:

The development destroys the last piece of Green Belt between Oxford and Kidlington which would no longer be separated.

Green Belt is intended to be permanent and with fixed boundaries.

The land is publicly owned specifically to preserve the Kidlington Gap and protect it from development.

How can a development of this nature be allowed?
