Comments	I strongly object to this application. It will cause a huge amount of congestion. It will encourage greater car use from a fan base largely based in east Oxford. It will create mayhem with traffic. It will destroy wild life in the area. It makes a mockery of protecting the Green belt. We already have the Kassam stadium. We do not require another.  Please consider the weight of comments in support of and those objecting. This has not been thought through. It will bring major unforeseen problems.  Please don't accept this application.
	Thank you.
