Comments	I believe this move is totally unncessary, having a perfectly usable football stadium in Oxford (Kassam). The green belt between Oxford and Kidlington would be reduced or completely destroyed and the neighbours of Kidlington would suffer the consequesces of a worse air quality and permanent noise and traffic in the area. People live in Kidlinton beacause of what it means to live in a greener and quiter place where people's voices are listened to and one can enjoy the benefits of the countryside. The neigbours in Kidlington don't support this innitiative.
