I was born in Oxford and moved to the United States when I was young. My parents are from Oxford and I have followed the football team every week watching online or going to games when we visit family. I was a mascot when I was 10 and its still one of my favourite memories as a child.

I have converted several of my American friends to supporters and I took them to the city to watch some games over Christmas, and spend time touring the city.

Following the club as an exile retains my connection to my place of birth and has given me a passion for the game.

I get up early on Saturdays given the time difference and avidly support from afar. I plan on returning to my homeland in the near future and would be devastated if the stadium proposal is refused which will see the end of the club I love. This landmark project will provide a future and financial background for continued success and a for all of Oxfordshire sport. Please consider the community and benefits to the area and safeguard our precious team.
