To whom this may concern,

I strongly object to the erec•on of a new stadium (24/00539/F).

Unauthorised parking and road closures will wreak havoc for local residents. At present, roads are already gridlocked during busy periods due to close proximity to Pear Tree roundabout and nearby A34. The local infrastructure will not cope with an in•ux of thousands of supporters.

I also don't understand the boas•ng of Green creden•als. How can building a new stadium on the green belt ever be considered as 'green'. Why can't they stay put? Any contractual disagreement should be resolved professionally and construc•vely for the good of the environment.

Yours faithfully
