Comments	The proposed new stadium will cause additional traffic in an already congested area. Residents of Kidlington are already facing high traffic to reach Oxford on Saturdays, and the addition of match-day traffic would make this situation much worse. Proposals to close Oxford road on match days are less than helpful as this would only make it harder for residents of Kidlington to reach Oxford, and increase congestion on other roads. This situation reduces the possibility for Kidlington children to attend weekend activities in town as well as making it hard for residents of Kidlington to do shopping or cultural activities on the weekend.
