Love the design, not a boring concrete shell like the Kassam, but instead visually appealing whilst being sensitive to the surrounding landscape. Kidlington really needs the economic benefits, and the impact on the local community should be overwhelmingly positive, with more jobs available, as well as superior sporting facilities from Oxford improving Stratfield Blake. The club will be a massive asset to the local community, particularly in comparison to the likely alternative of hundreds of new builds on the same land, should the stadium not go ahead.
