Comments	<ol> <li>A commercial development of this size is contrary to the Local Plan and planning policy for Green Belt areas.</li> <li>The Proposed road closures and diversions will cause traffic chaos and add to the congestion already experienced due to A34 issues. This will only get worse when the new housing currently under construction is finished.</li> <li>Unacceptable impact on biodiverse wildlife habitat</li> <li>Impact on local parking - Sainsbury's car park, Oxford Parkway and Park and Ride car parks will all be used affecting local and city based businesses. I know fans have been canvassed and say they will use public transport but I am not convinced they will and there are away fans to consider</li> <li>Are the views of local residents being given sufficient weight compared to the club and supporters?</li> <li>It is my understanding that the move from Kassam is not necessary but a decision of the Club. The current location works well so the move seems unnecessary .</li> </ol>
