Comments	I think it will help rejuvenate Kidlington that over the last few years has has seen businesses close in the town centre. It would bring entertaining sport to the area for young and old alike and help support the youth in sports. Kids need something to do outside away from their TV & computer games, It will help keep them fit, and also those older generations that would be able to walk to a local game and make friends. The pitches opposite the triangle on Stratfield Brake are unplayable for most of the season due to water logging and lack of funding, It's main purpose seems to have become a place for dog walkers, some of which that can't be bothered to pick up after their dogs. Oxford United puts a lot of fundings into local community's, and they say they would help maintain Stratfield Brake, they would put so much more effort into maintaining It than those that claim to be Friends of Stratfield Brake.
