Oxford United is the only professional football club in the county and is a huge part of the lives of its residents. Failure to build a new stadium could lead to the clubs end and therefore the disruption of thousands of people's livelihoods. As a city or county we must take pride in this football team, we must not let it die.

A new stadium will attract higher attendances, helping the club progress and develop as we work our way up the football league. A new stadium will also greatly help the surrounding area financially helping to unite the people of Oxford.

Secure Our Future
