Dear Oxford United Management,  
We are writing to express our strong objection to the proposed road closures for the new stadium planned at The Triangle. While we are fully supportive of the development of a new stadium for Oxford United, the current plan for pre-match closures on Oxford Road is unacceptable. These closures will severely impact our ability to move freely in and out of our neighborhood, potentially causing significant traffic congestion and disruption to our daily lives. This raises serious concerns about the overall impact of the stadium on our community. Our support for the stadium hinges on a solution that prioritizes pedestrian safety and minimizes disruption to local residents. We strongly urge you to reconsider the road closure plan and explore alternative options such as:

Construction of a pedestrian bridge: A dedicated bridge over Oxford Road would allow safe passage for fans without compromising traffic flow.

We urge you to work collaboratively with the local community to find a solution that benefits both the club and residents. We are confident that by working together, we can achieve a positive outcome for everyone involved.

We look forward to your prompt response and a commitment to addressing this critical issue.

Sincerely,
