Comments	A once in a lifetime chance for the club that I love,I now live in Somerset but still travel with my sons to the games, the opportunity to have a world class facility for all not just fans of football, it will be environmentally friendly and the ability to use public transport rather than by car can only be good in this regard, i will travel by train rather than car and this will be the case for a lot of people, we should all embrace this and I implore the councillors to approve.
