Subject: Concerns Regarding Proposed Road Closures for Oxford United Stadium

Dear Oxford United Management,

We wish to voice our concerns regarding the proposed road closures associated with the new stadium development at The Triangle. While we wholeheartedly support the construction of a new stadium for Oxford United, we find the current pre-match closure plans for Oxford Road to be problematic.

These closures threaten to disrupt our neighborhood's mobility, potentially leading to significant traffic congestion and inconvenience in our daily routines. Such concerns raise questions about the stadium's overall impact on our community.

Our endorsement of the stadium project is contingent upon a plan that emphasizes pedestrian safety and minimizes inconvenience for local residents. We strongly encourage you to revisit the road closure proposal and consider alternative solutions, including:

Installation of a pedestrian bridge: A dedicated bridge across Oxford Road could provide fans with a safe route while maintaining traffic efficiency.

We urge you to engage in collaborative discussions with the local community to identify a resolution that serves the interests of both the club and the residents. We believe that through cooperation, a mutually beneficial outcome can be achieved.

We anticipate your timely response and a proactive approach to resolving this pressing issue.

Sincerely, Geno
