Comments	<input type="text" value="I wish to register my strong objection to this planning application on the following grounds :- The huge increase in traffic it will generate in the area, in particular through this village, on roads which are not suitable for such volumes. Bearing in mind that there are also plans to expand the use of the sports facilities at the nearby BSA site, which will also increase car use in the area. This also goes against Cherwell's own strategy for reducing car usage. The impact on the landscape that buildings of such size will have on what is currently a greenfield site and will be totally out of character in this rural location. I would therefore ask that it be refused."/>
