Comments	<p>The Ecological report from Nicholsons contains the following statement (see page six, item 2.5): "The site was bordered to the north by North Side (village road) and private residential gardens to the east, west and south."</p> <p>This is incorrect. The site of the proposed swimming pool is bordered to the north by the garden of Cedar Cottage. The proposed development is only a few feet from the fence at the bottom of the Cedar Cottage garden.</p> <p>There will be significant noise during the construction of the pool and ongoing noise from its subsequent use. This will ruin the quiet atmosphere currently enjoyed and limit the use of the Cedar Cottage garden.</p> <p>The report goes into great detail about the effect the proposed development will have on local flora and fauna, but there is no mention of the impact it will have on neighbours.</p>
