<b>Comments</b>	<input type="text" value="Banbury has already met quota, since moving here had building work behind, to the left and now 8n front. Other housing being erected near amazon this side of town. Unnecessary therefore to build and therefore join banbury and Hanwell village together. We have wildlife, including deer who live freely in that land that deserve our protection and conservation. It also provides crops currently and we would prefer to support local farmers who are struggling. Also the fields are good for walking dogs and our health, builds a sense of community and well being which will be devastating if built on, psychologically mental health is on the rise and continuing to take our green spaces will compound this concern."/>
