<b>Comments</b>	<input type="text" value="I objected to this proposed development in April. The addition of a large doctor's surgery does not change my original reasons for objecting. In addition the size and style of the proposed doctor's surgery is totally out of keeping with the character of the village. The village does not need a surgery of this size on the outskirts of the village when we already have a perfectly adequate surgery in the centre of the village. I believe that the majority of patients that come to the surgery do not live in Cropredy, yet Cropredy residents would have to suffer the detrimental effects already mentioned in my last objection of a development of a size disproportionate to the size of the village. Cropredy does not need this development and does not need a new doctor's surgery."/>
