Comments	<p>ATE Farms Limited should not be granted permission to develop this land in our district in any respect for fear of damage and non adherence to laws and regulations. It is against public opinion, and I imagine many people would like to see the Crooked House Pub rebuilt before these individuals are trusted with any further developments.</p> <p>The extra traffic generated from this should outweigh any minor benefit to the economy (if any benefit at all anyway!), with the vast majority probably coming from the m40 via Banbury which is already overwhelmed.</p> <p>Further, is there actually any need for this development? Others have commented saying all the planned things are available already in the local area, plus it isn't in keeping with the area around it so with 60+ car parking spaces it'll turn a quiet environmental area for animals into a noisy unwelcoming area.</p> <p>It's out of keeping, unneeded and unnecessary</p>
