Comments	<input type="text" value="I see no reason for a shop situated in the playing field
This is not easily accessible for the older generation especially people like my mum who's disabled
South green could never take the amount of traffic without new roadways being built .
Also there will be no through traffic using it when there's a co op two miles up the road
Early morning lorry drivers won't be able to get in the playing field and certainly wouldn't come off the main road .
Also the noise for the south green
It's a very eerie place in the winter I wouldn't want to be on my own out when the dark evenings come
The committee haven't thought any of this through and we have had no open forum for our opinion apart from a survey which half the village didn't fill in this shop will be for the few not the many"/>
