<b>Comments</b>	<p>To loose all the trees currently there and concrete over all the grass and habitat is criminal. those trees improve the air quality the filter some of the rubbish that comes off the motor way. The building that is suggested will be such an eye sore and have such a bad impact on the environment and surrounding area it is ludicrous to think this is a good idea. unemployment especially at minimum wage level is so low around oxfordshire that i believe they will struggle to get enough staff to run the the resort and enough people to want to go there as it is going to be huge. I object to this so strongly. Loosing a golf course and all the nature and wild life it brings is total madness. Not to mention that golf has a great impact on physical and mental health and well being as opposed to a hotel with some swimming pools that no one can afford to go to.</p>
