1.0 Introduction

What is the Annual Monitoring Report?

- 1.1 Our AMR reviews progress in preparing the Council's Local Development Documents and assesses whether the various development plan policies in the District are working as intended and, if not, recommends whether they need amending in response. It provides monitoring information on employment, housing and the natural environment.
- 1.2 This year's AMR covers the period 1 April 2016 – 31 March 2017. A base date of 31 March 2017 is therefore used for monitoring performance against specified indicators. However, the AMR includes an up-to-date report on Local Plan progress when measured against the Local Development Scheme (LDS), the programme for producing Local Development Documents. The AMR also includes up-to-date information on the future deliverability of development.
- 1.3 The Cherwell Local Plan 2011-2031 Part 1 was formally adopted by Cherwell District Council on 20 July 2015. The Plan provides the strategic planning policy framework for the District. Policies within the Plan replace some of the saved policies of the adopted Cherwell Local Plan 1996. Policy Bicester 13 of the Local Plan was re-adopted on 19 December 2016 following the outcome a legal challenge. The re-adopted policy is identical to that originally adopted by the Council on 20 July 2015, other than the deletion of the words, '*That part of the site within the Conservation Target Area should be kept free from built development*' from the third bullet point of the policy's key site specific design and place shaping principles.
- 1.4 This is the third AMR to monitor against the indicators and targets from the adopted Local Plan 2011-2031 Part 1. However, as the Plan was adopted on 20 July 2015 which is partly through the monitoring period of 2015/16 this is the first AMR that fully reports on these indicators.

Purpose of the Annual Monitoring Report

- 1.5 The purpose of this AMR is to:
 - monitor the preparation of Cherwell's Local Plan against timetables in the Local Development Scheme;
 - assess the extent to which policies are being achieved;
 - review actions taken under the Duty to co-operate.
- 1.6 The AMR is required to give account of:
 - the timetable and milestones for the preparation of documents contained in the LDS and progress towards meeting them;
 - progress against policies and related targets set out in the Local Plan.

Legislative Background

- 1.7 The Council has a statutory obligation to produce a monitoring report. The Town and Country Planning (Local Planning) (England) Regulations 2012 sets out the requirements that must be satisfied by the report.
- 1.8 Subject to meeting those requirements, it is a matter for individual Councils to decide on the content on their monitoring reports. There is no longer a requirement to submit the report to the Secretary of State for Communities and Local Government.

Structure of the Annual Monitoring Report

- 1.9 **Section 2** of the AMR presents the key findings from the monitoring work undertaken during this monitoring year.
- 1.10 **Section 3** of the AMR reports on the delivery of Cherwell District's Local Plan and other supporting documents, providing a review of actual progress compared with the targets and milestones set out in the Local Development Scheme.
- 1.11 **Section 4** looks at the progress made on neighbourhood planning within the district.
- 1.12 **Section 5** of this AMR sets out the monitoring results in detail using specific indicators from the adopted Local Plan 2011-2031 Part 1. This covers the three themes and Cherwell's places and in subsequent order.
- 1.13 **Section 6** looks at the progress with infrastructure delivery.

2.0 Key Findings

2.1 This chapter sets out the key findings of the Annual Monitoring Report for the monitoring year 2016/17. The results are presented and discussed in more detail in Chapter 5.

Local Plan Progress / Local Development Scheme

Progress in the Monitoring Year 2016/17

- An interactive Adopted Policies Map that brings together the development plan allocations and policy maps from the adopted district and Neighbourhood Plans was published in July 2016.
- A new Statement of Community Involvement was adopted on 18 July 2016.
- On 26 September 2016, the Oxfordshire Growth Board decided the apportionment of housing across the Oxfordshire authorities to meet Oxford's unmet housing need. Four of the five authorities (including Cherwell District Council) agreed to the housing apportionment.
- The following documents were published for public consultation between 14 November 2016 and 9 January 2017: Partial Review of the Cherwell Local Plan (Part 1) Options Paper; Community Infrastructure Levy (CIL) Draft Charging Schedule; and Draft Developer Contributions Supplementary Planning Document (SPD).
- On 19 December 2016 the Banbury Vision and Masterplan and Kidlington Masterplan Framework Supplementary Planning Documents were adopted by the Council. On the same date the Bloxham Neighbourhood Development Plan was formally made and Policy Bicester 13 (Gavray Drive) of the adopted Cherwell Local Plan 2011-2031 Part 1 was re-adopted in accordance with a Court Order and an associated addendum to the Local Plan Inspector's Report.

Progress since the end of the Monitoring Year

- A new Local Development Scheme was approved at Council's Executive on 3 April 2017. A further update to the Local Development Scheme was approved and published in November 2017.
- The Council became one of those selected by the Government to develop and publish a pilot Brownfield Land Register, which was published in June 2016.
- The Proposed Submission draft of the Cherwell Local Plan Part 1 Partial Review: Oxford's unmet housing need was published for public consultation between Monday 17 July and Tuesday 10 October 2017 together with supporting evidence.
- The Adderbury Neighbourhood Plan was submitted to the Council in April 2017 and was consulted upon from 12 October to 24 November 2017.

Duty to Co-operate

- The Council continues to engage on an on-going basis with prescribed and non-prescribed bodies to meet its statutory duties and ensure appropriate collaboration and consultation with partners and organisations such as Oxford City Council, Oxfordshire County Council, other adjacent local authorities and other specific consultees. This includes joint working through the Oxfordshire Growth Board, the supporting working groups, regular meetings with the County Council and with both the Oxfordshire and South East Midlands Local Enterprise Partnerships (the LEPs).

Employment

- The district has seen a considerable gain in employment floorspace with over 103,000 sqm completed.
- At 31 March 2017 there was over 408,000 sqm (net) of employment floorspace with planning permission but not constructed.
- There is a total of 287.89 ha of employment land on allocations (adopted Local Plan 2011-2031 and Non-Statutory Local Plan 2011). There are over 82 ha remaining employment allocated land to receive planning permission.
- Only 2.06 ha of employment land was lost to non-employment use during 2016/17.
- There was a small loss of 6,024.8 sqm (net) floorspace in tourism related developments over the course of 2016/17, despite gains in D1 and D2 use classes as there was a greater loss overall.

Housing

- The District presently has a 5.5 year housing land supply for the period 2017-2022 and a 5.7 year housing land supply for the period 2018-2023 (commencing 1 April 2018).
- There were 1,102 housing completions (net) during 2016/17.
- The total number of housing completions (net) between 2011 and 2017 is 4,579 dwellings.
- 27% of housing completions (net) in 2016/17 were on previously developed land.
- Net affordable housing completions in 2016/17 were 278.
- At 31 March 2017 there are extant planning permissions for a total of 7,708 dwellings. These are homes with planning permissions but not yet built.

Natural Environment

- There has been one planning application granted permission contrary to Environment Agency's advice on flood risk grounds, however no permissions granted on water quality grounds objection.
- 6 planning permissions were approved for renewable energy schemes with 4 for biomass and 2 for solar photovoltaics (PVs).

- The amount of Local Wildlife Sites in the district has increased by 489 ha with three new sites accepted.
- There has been a decrease of priority habitats from 4380 to 3678.
- The number of priority species listed in the District has slightly decreased from 155 to 148.
- 98% of the SSSI units are in Favourable or Unfavourable recovering conditions, no change from last year.

3.0 Cherwell Planning Policy Documents

- 3.1 The existing statutory Development Plan comprises the adopted Cherwell Local Plan 2011-2031 Part 1 (July 2015 incorporating Policy Bicester 13 re-adopted December 2016), the saved policies of the adopted Cherwell Local Plan 1996, the made (adopted) Hook Norton and Bloxham Neighbourhood Development Plans. The Development Plan also includes the saved policies of the Oxfordshire Minerals and Waste Local Plan 1996, the production of which is a County Council function. A new Minerals and Waste Core Strategy Part 1 was adopted on 12 September 2017.
- 3.2 The Cherwell Local Plan 1996 was adopted in November 1996 and its relevant policies were saved from 27 September 2007.
- 3.3 The Cherwell Local Plan 2011-2031 Part 1, containing strategic development sites and policies, was adopted on 20 July 2015. Many of the saved policies of the adopted Cherwell Local Plan 1996 have been replaced by the new Local Plan. The remaining policies will be replaced once Local Plan Part 2 is adopted. A list of replaced and retained saved policies is available in Appendix 7 of the adopted Local Plan 2011-2031. On 19 December 2016, Policy Bicester 13: Gavray Drive was re-adopted by Cherwell District Council.
- 3.4 On 19 October 2015, Cherwell District Council ‘made’ (brought into legal force) the Hook Norton Neighbourhood Plan as part of the statutory development plan. This is used in the determination of decisions on planning applications in Hook Norton Parish.
- 3.5 On 19 December 2016, the Bloxham Neighbourhood Plan was formally ‘made’ and is now part of the statutory development plan. This is used in the determination of decisions on planning applications in Bloxham Parish.

Local Development Scheme Progress

- 3.6 The Local Development Scheme (LDS) is a rolling business plan for the preparation of key planning policy documents that will be relevant to future planning decisions. The LDS that this AMR reports on was published in April 2017. It provided for:
- **Cherwell Local Plan 2011-2031 (Part 1)** – comprises the main strategy document containing strategic development sites and policies. Adopted on 20 July 2015 (incorporating Policy Bicester 13 re-adopted on 19 December 2016);
 - **Partial Review of the Cherwell Local Plan 2011-2031 (Part 1)** – will contain a supplemental planning strategy and strategic development sites in order for the district to contribute in meeting the identified unmet housing needs of Oxford City. Upon adoption by the Council it will become part of the statutory Development Plan;
 - **Cherwell Local Plan 2011 – 2031 (Part 2): Development Management Policies and Sites** – will contain detailed planning policies for considering planning applications

and non-strategic site allocations. Upon adoption by the Council it will become part of the statutory Development Plan;

- **Adopted Policies Map** – a map of Cherwell which illustrates geographically the application of the policies in the adopted Development Plan. An Interactive Policies Map is available online at <https://www.cherwell.gov.uk/info/83/localplans/216/interactive-adopted-policies-map>;
- **Community Infrastructure Levy (CIL) Charging Schedule** – comprises a schedule of charges for contributions to off-site infrastructure, payable by developers. Work on a potential CIL has been put on hold until there is more certainty about future changes to legislation and Government policy;
- **Supplementary Planning Documents (SPDs)** which expand upon and provide further detail to policies in Development Plan Documents. The following SPDs are being, or will be, prepared:
 - North West Bicester SPD (adopted 22 February 2016)
 - Banbury Masterplan SPD (adopted 19 December 2016)
 - Kidlington Masterplan SPD (adopted 19 December 2016)
 - Developer Contributions SPD (under preparation)
 - Bicester Masterplan SPD (under preparation)
 - Banbury Canalside SPD (under preparation)
 - Cherwell Design Guide (under preparation)
 - Bolton Road Development Area, Banbury SPD (to be prepared)
 - Sustainable Buildings in Cherwell SPD (to be prepared)
- **Annual Monitoring Reports (AMRs)** – produced each year to monitor progress in producing Local Development Documents and implementation of policies;
- **Statement of Community Involvement (SCI)** – sets out how communities and stakeholders can expect to be engaged in the preparation of planning documents and in the consideration of planning applications. The SCI was reviewed in 2016 and formally adopted on 18 July 2016.

Cherwell Local Plan 2011 – 2031 (Part 1)

- 3.7 Part 1 of the Local Plan was adopted on 20 July 2015. Policy Bicester 13 was re-adopted on 19 December 2016.

Partial Review of the Cherwell Local Plan 2011-2031 (Part 1)

- 3.8 In paragraph B.95 of the Local Plan the Council recognises that Oxford may not be able to accommodate the whole of its new housing requirement (as identified in the 2014 Oxfordshire Strategic Housing Market Assessment) within its administrative boundary.

- 3.9 The Council has committed to working jointly and proactively with the Oxfordshire local authorities through the Oxfordshire Growth Board to assess all reasonable options as to how and where the unmet need might best be accommodated within the Oxfordshire Housing Market Area.
- 3.10 On 19 November 2015 the Oxfordshire Growth Board agreed a total working figure for Oxford's unmet need of 15,000 homes. A decision of the Growth Board on 26 September 2016 apportioned Oxford's unmet housing need across the individual district councils. Cherwell has been asked to provide 4,400 homes in addition to what is allocated in the adopted Cherwell Local Plan Part 1 2011-2031 (22,840 homes) to help meet Oxford's unmet need.
- 3.11 Extensive joint work and cooperation between all of the Oxfordshire Councils occurred over the course of 2015 and 2016. For about an 18 month period, this included generally fortnightly meetings as an evidence based was produced to examine the level of Oxford's unmet housing need and in the interest of determining an apportionment of that need. This included a Green Belt Study, a Transport Assessment and an assessment of spatial options. The work was coordinated by the Oxfordshire Growth Board's 'Post-SHMA' working group reporting to an Executive Officer Group which in turn reported to the Board. Information about the Oxfordshire Growth Board is available at <https://www.oxfordshire.gov.uk/cms/content/oxfordshire-growth-board>.
- 3.12 The Partial Review process will be the means by which Cherwell makes its contribution to meeting the identified unmet need from Oxford City. The adopted Local Development Scheme (LDS) in April 2017 set out the programme which expected an Issues consultation to be undertaken between January 2016 and March 2016. This stage was achieved with the consultation running from January 2016 to March 2016 which was accompanied by a 'call for sites'. An Options consultation was held between November 2016 and January 2017. A Proposed Submission document was to be consulted between May and July 2017, however this was undertaken during July and October 2017. Submission of the Partial Review is now expected in March 2018 with adoption estimated for November 2018. This is reflected in the recently approved new LDS (November 2017).

Cherwell Local Plan 2011 – 2031 (Part 2)

- 3.13 The saved, non-strategic policies of adopted Local Plan 1996, including policies for development management and the allocation of smaller development sites, require review. There is also provision in the Local Plan Part 1 for additional detailed work to be undertaken within a Local Plan Part 2.
- 3.14 An Issues consultation was undertaken between January 2016 and March 2016 which was accompanied by a 'call for sites'. It was not possible to progress Local Plan Part 2 fully in accordance with the timetable set out in the LDS (April 2017) due to priority given to the Partial Review of the Local Plan Part 1.
- 3.15 The new LDS (November 2017) provides an updated programme.

Supplementary Planning Documents

- 3.16 A draft **Developer Contributions SPD** was published for consultation along with the Draft CIL Charging Schedule between November 2016 and January 2017. Further consultation on the SPD was expected between July and August 2017 however this has been delayed due to work on the Partial Review of the Local Plan Part 1. A revised SPD was approved for consultation by the Council's Executive on 6 November 2017. Consultation commenced on 23 November 2017. The new LDS (November 2017) sets out an updated programme.
- 3.17 Work on the **Bicester Masterplan SPD** is currently being prepared by the Bicester Delivery Team at the Council with input from the Planning Policy team. The new LDS (November 2017) set out the date for consultation on the draft SPD.
- 3.18 Work on the **Banbury Canalside Development Area SPD** has continued with further viability and feasibility assessments and joint work with partners including Oxfordshire County Council and Chiltern Railways. The new LDS (November 2017) sets out a revised programme.
- 3.19 A draft **Cherwell Design Guide SPD** has been prepared by the Design and Conservation team with support from Development Management and Planning Policy team. A draft SPD was approved for consultation by the Council's Executive on 6 November 2017. Consultation commenced on 23 November 2017. The new LDS (November 2017) set out the date for consultation on the draft SPD.
- 3.20 Work on the **Bolton Road Development Area SPD** has been on hold and is expected to re-commence from August 2018 onwards. The new LDS (November 2017) sets out a revised programme.
- 3.21 Preparation of the **Sustainable Buildings in Cherwell SPD** was expected to commence from January 2018 onwards however due to work on the Partial Review of the Local Plan Part 1 this will be delayed until August 2018. The new LDS (November 2017) sets out a revised programme.

Duty to Co-operate

- 3.22 Local Councils are expected to consider strategic issues relevant to their areas through a statutory 'Duty to Co-operate' established by the Localism Act (2011) and described in the National Planning Policy Framework (NPPF).
- 3.23 The Duty:
- relates to sustainable development or use of land that would have a significant impact on at least two local planning areas or on a planning matter that falls within the remit of a County Council;

- requires that councils set out planning policies to address such issues;
 - requires that councils and public bodies engage constructively, actively and on an on-going basis to develop strategic policies; and
 - requires councils to consider joint approaches to plan making.
- 3.24 Local Planning Authorities (LPAs) have to co-operate with other LPAs and other prescribed bodies when they undertake certain activities, including the preparation of development plan documents, activities that can reasonably be considered to prepare the way for such preparation, and activities that support such preparation so far as they relate to a strategic matter. This is to maximise the effectiveness with which those activities are undertaken.
- 3.25 A strategic matter is defined as: *“sustainable development or use of land that has or would have a significant impact on at least two planning areas, including (in particular) sustainable development or use of land for or in connection with infrastructure that is strategic and has or would have a significant impact on at least two planning areas.”*
- 3.26 LPAs must *“engage constructively, actively and on an on-going basis”* in respect of the activities that are subject to the duty.
- 3.27 The LPAs that border Cherwell District are:
- Aylesbury Vale District Council
 - Buckinghamshire County Council
 - Northamptonshire County Council*
 - Oxford City Council
 - Oxfordshire County Council
 - South Northamptonshire Council*
 - South Oxfordshire District Council
 - Stratford-on-Avon District Council
 - Vale of White Horse District Council
 - Warwickshire County Council
 - West Oxfordshire District Council
- * Daventry District Council, Northampton Borough Council, South Northamptonshire Council and Northamptonshire County Council have established the West Northamptonshire Joint Planning Unit to prepare joint development plan documents, including the Joint Core Strategy and other joint Supplementary Planning Documents.*
- 3.28 Other prescribed bodies relevant to Cherwell District are:
- The Environment Agency
 - Historic Buildings and Monuments Commission for England (Historic England)
 - Natural England
 - The Civil Aviation Authority
 - The Homes and Communities Agency

- The NHS Oxfordshire
- The Office of Rail Regulation
- The Highway Authority – Section 1 of the Highways Act 1980:
- Oxfordshire County Council (Highways)
- The Highways Agency (Highways England)
- Local Enterprise Partnerships:
 - The Oxfordshire Local Enterprise Partnership (OXLEP)
 - The South East Midlands Local Enterprise Partnership (SEMLEP)
- The Oxfordshire Local Nature Partnership

3.29 The Council continues to engage on an on-going basis with prescribed and non-prescribed bodies to meet its statutory duties and ensure appropriate collaboration and consultation with partners and organisations such as Oxford City Council, Oxfordshire County Council, other adjacent local authorities and other specific consultees. This includes joint working through the Oxfordshire Growth Board, its working groups and the supporting Oxfordshire Planning Policy Officers group (OPPO), and with both the Oxfordshire and South East Midlands Local Enterprise Partnerships (the LEPs).

4.0 Neighbourhood Planning

- 4.1 Neighbourhood planning was introduced by the Localism Act 2011 as a new, local tier to the planning system. Neighbourhood planning is optional but allows communities to come together through a local Parish Council or Neighbourhood Forum and have direct involvement in the land-use planning of their local area.
- 4.2 Neighbourhood Development Plans provide scope for local communities to develop their own planning policies. If they conform with the Local Plan, are supported by the Local Planning Authority and successful at referendum, they are adopted as part of the statutory Development Plan and must be considered, where material, in the determination of applications for planning permission. Alternatively, Neighbourhood Development Orders can be prepared which grant planning permission for development that complies with the Order or Community Right to Build Orders can be produced to give permission for small-scale, site-specific developments by a community group.
- 4.3 Under Schedule 4B of the Town and Country Planning Act 1990 (as amended), Local planning authorities have a statutory duty to *“give such advice or assistance to parish councils and designated Neighbourhood Forums as in all the circumstances, they consider appropriate for the purpose of or in connection with facilitating the preparation of Neighbourhood Development Plans”*.
- 4.4 Eight Parish Councils and a multi-parished area in Cherwell have had their administrative areas designated as Neighbourhood Areas.

Neighbourhood Plan Area	Designated Date	Monitoring Year
Adderbury	03/06/2013	2013/14
Bloxham	03/06/2013	2013/14
Bodicote	04/01/2016	2015/16
Deddington	02/12/2013	2013/14
Hook Norton	03/06/2013	2013/14
Merton	02/12/2013	2013/14
Stratton Audley	03/06/2013	2013/14
Mid-Cherwell (multi-parished)	07/04/2015	2015/16
Weston on the Green	02/11/2015	2015/16

- 4.5 There were no neighbourhood area designations during 2016/17. To date there have been two made neighbourhood plans which are now part of the District’s Development Plan and will be used in the determination of decisions on planning applications in those Parishes. They are Hook Norton and Bloxham Parishes. Other Parish Councils actively progressing Neighbourhood Plans are as follows:

Adderbury

- 4.6 The Adderbury Submission Neighbourhood Plan was submitted to Cherwell District Council in April 2017, it was consulted upon from 12 October to 24 November 2017. The Council is in the process of appointing an Examiner.

Deddington

- 4.7 The Deddington Pre-Submission Neighbourhood Plan was consulted upon from 1 October to 19 November 2017 over a seven week period.

Mid-Cherwell

- 4.8 The Mid-Cherwell Neighbourhood Plan area which includes the parishes of Ardley with Fewcott, Kirtlington, Duns Tew, Lower Heyford, Middleton Stoney, Somerton, Steeple Aston, Middle Aston, North Aston, Fritwell and Upper Heyford was designated on 7 April 2015.
- 4.9 A consortium has been set up which consist of 11 Parish Councils together with Heyford Park Residents' Association and the owners and developer of Former RAF Upper Heyford – the Dorchester Group.
- 4.10 The Mid-Cherwell Pre-Submission Neighbourhood Plan was consulted from 7 August to 3 October 2017. A number of meetings between Cherwell District Council and the Neighbourhood Area Forum were held during 2016/17 to assist in preparing the Neighbourhood Plan.

Weston on the Green

- 4.11 The Weston on the Green Pre-Submission Neighbourhood Plan was consulted from 15 May to 26 June 2017.

5.0 Monitoring Results

5.1 This section sets out the monitoring results in detail using the specific indicators from the adopted Local Plan 2011-2031 (Part 1). It includes the three themes and Cherwell's places and is in subsequent order.

Theme One: Developing a Sustainable Local Economy

Policy	Indicator	Target	Progress
SLE 1 Employment Development	Employment commitments and completions on allocated employment land per sub area (Banbury, Bicester, Kidlington, Rural Areas)	100% take up of allocations by the end of the plan period	At 31 March 2017 the total remaining allocated land available (without completed development on it) was 82.3 ha. This excludes planning permissions on this land to avoid double counting. There is planning permission for 205.59 ha on Local Plan allocations. 12.63 ha of completions have taken place on allocated sites during 2016/17.
SLE 1 Employment Development	Employment commitments and completions on non-allocated employment land per sub area (Banbury, Bicester, Kidlington, Rural Areas)	Yearly increase in employment use class commitments and completions	During 2016/17 103,127 sqm of employment floorspace was completed. At 31 March 2017 there was permission for 408,455 sqm of employment floorspace yet to be built.
SLE 1 Employment Development	Completions resulting in a loss of employment use to non-employment use per sub area (Banbury, Bicester, Kidlington, Rural Areas)	No overall net loss of employment land	During 2016/17, a total of 2.06 ha of employment land was lost to non-employment use.

5.2 The strategic employment allocations (including mixed use sites for housing and employment) in the 2015 Local Plan are monitored in this section. Until the adoption of Local Plan Part 2, non-strategic employment allocations from the Non-Statutory Local Plan 2011 and saved policies from the adopted 1996 Local Plan are also monitored.

Employment Completions

5.3 Employment monitoring for 2016/17 was only carried out on sites where more than 200 sqm of employment floorspace is proposed. Table 5 shows the total employment floorspace completed during 2016/17 (net). The 'net' figures reflect the overall

completion totals taking into account any losses which include redevelopments and changes of use away from commercial use.

- 5.4 In 2016/17, Cherwell has seen a considerable gain of over 103,000 sqm of employment floorspace completed compared to the previous year where there was a gain of 67,471 sqm. Most of the employment completed was in B8 and Mixed B uses in Banbury.
- 5.5 Banbury – The majority of employment completions at Banbury were in B8 and Mixed B use classes which together saw a gain of 104,017 sqm. There were net losses in floorspace for B2 use class which had lost nearly 9,000 sqm. Development at the Former Sapa site, Southam Road and at land adjacent to the M40 were the main contributions to the gain in floorspace for Mixed B uses. There was a total of 101,660 sqm (net) of employment floorspace completed in Banbury.
- 5.6 Bicester – There were very few completed sites at Bicester with small net gains in B1c and B2 uses and a net loss in B8 use. There was an overall net loss in Bicester of 232 sqm of employment floorspace. Employment development is however under construction at North East Bicester (Policy Bicester 11) and South East Bicester (Policy Bicester 12).
- 5.7 Kidlington and Rural Areas – There were losses in employment floorspace in Kidlington which resulted in an overall net loss of -1,882 sqm. However, there was an overall net gain in the rural areas of 3,581 sqm with majority in B1 uses.

Employment Commitments

- 5.8 Employment commitments include sites which have been granted planning permission in the past and remain extant. The total employment commitments have increased compared to the last monitoring year. At 31 March 2017, there was outstanding employment floorspace to be implemented which equates to over 408,000 sqm. Bicester contributed to majority of the total commitments (64%) followed by Banbury with 17%, Kidlington with 10% and Rural Areas with 9%.
- 5.9 Banbury – There are commitments in mainly B2 and B8 uses which comes to 61,856 sqm of employment floorspace. Land South of Overthorpe Road and adjacent the M40 has a commitment of over 55,000 sqm in B8 use and over 7,500 sqm in B2 use. Other commitments include Land South East of Manjake Development, Tramway Road (4,939 sqm in Mixed B use) and Land opposite Unit 1-5 Wildmere Park, Wildmere Road (1,527 sqm in Mixed B use).
- 5.10 Bicester – There are net gains across the different B use classes except for B1a which has a net loss of over 19,500 sqm of employment floorspace. Overall, there is a significant commitment of over 261,000 sqm of employment floorspace at Bicester predominantly in B8 use class (171,210 sqm) with B2 uses. Planning permissions have been given at a number of strategic allocations which are the main contributors to the employment commitments at Bicester: Graven Hill (Bicester 2) – 66,960 sqm, North West Bicester

(Bicester 1) - 26,500 sqm, South East Bicester (Bicester 12) - 62,700 sqm and Land North East of Skimmingdish Lane (Bicester 11) - 16,100 sqm.

- 5.11 Kidlington and Rural Areas – The largest employment commitment in Kidlington and the rural areas is at Land East of Evenlode Crescent and South of Langford Lane which is a site within the land identified by Policy Kidlington 1A in the adopted Local Plan Part 1. The site has planning permission for a new technology park comprising mainly B2 and B8 uses (12,329 sqm of each use). The Former RAF Upper Heyford site (Villages 5) which is a strategic allocation for mixed use in the adopted Local Plan 2011-2031 proposes 1,075 new homes and over 120,000 sqm of mixed B use class. This site is currently under construction.

Banbury	26.1	The majority of this remaining allocated area consists of the allocation at Employment Land North East of Junction 11 (Banbury 15) and at Employment Land West of M40 (Banbury 6).
Bicester	49.82	The majority of this remaining allocated area consists of a number of sites allocated such as Bicester Business Park (Bicester 4), Bicester Gateway (Bicester 10) and South East Bicester (Bicester 12).
Kidlington	0.39	Remaining Non-Statutory Local Plan allocation at Langford Locks. No allocations were made in the adopted Local Plan 2011-2031. A small scale review of the Green Belt at Kidlington for high value employment uses will be undertaken for Local Plan Part 2.
Rural Areas	5.99	Remaining Non-Statutory Local Plan allocation at Banbury Business Park Phase 2 (Adderbury), Brymbo Ironworks (Hook Norton) and PA Turneys (Weston on the Green). No allocations were made in the adopted Local Plan 2011-2031.
Total	82.3	

- 5.12 Table 7 shows the total remaining allocated land available which is 82.3 ha. This excludes planning permissions on allocations to avoid double counting. Sites are only considered 'no longer available' once development has been completed. Sites 'committed' for development (i.e. with planning permission) are still considered to be 'available' since it is possible that the permission may expire unimplemented or may be superseded by another. The majority of the remaining allocated land available is from strategic sites in the adopted Local Plan 2011-2031. Planning permissions are shown in Table 8.

5.13 The employment trajectory in the Local Plan 2011-2031 shows how strategic sites will be delivered and the Council is working to bring forward strategic sites, for example at Graven Hill (Bicester 2) and North West Bicester (Bicester 1) where planning permissions have been granted. Construction is under way at land south of Overthorpe Road, Banbury (Banbury 6). The Council will be exploring the potential of non-strategic sites for employment through Local Plan Part 2.

5.14 Table 8 shows the amount of land taken up with planning permissions. A total of 223.95 ha have been permitted with over 90% being at strategic allocations. When considering planning permissions in Table 8, only new build employment development is shown, not changes of use between employment uses since this would result in no overall gain in employment land.

5.15 A large amount of the land with permission was at the following sites: Employment Land West of M40 (24.7 ha) (Banbury 6); Graven Hill, Bicester (26 ha) (Bicester 2); Bicester Business Park, Bicester (22.28 ha) (Bicester 4); Employment Land at North East Bicester (14.48 ha) (Bicester 11); and South East Bicester (16.48 ha) (Bicester 12).

Location	Total Area (ha)
Banbury	44.59
Bicester	150.44
Kidlington	9.04
Rural Areas	83.82

5.16 The total of employment land available (permissions and remaining allocated land) on allocations was 287.89 ha, which a fair proportion had planning permission. This figure excluded allocated land where there are completions. A large proportion of this is

located at Bicester where there are six strategic allocations for employment and mixed use development.

- 5.17 Once new sites are occupied this will generate business rates which the Council collects, with part of the amount retained to help pay for services that the Council provide. It is also collected on behalf of Oxfordshire County Council and Central Government. Business rates paid to Cherwell District Council are increasing year on year.

- 5.18 During 2016/17, only 2.06 ha of employment land was lost to other uses which was slightly lower than the previous year (2.1 ha). This is from 7 permissions, 1 of which was lost to residential use.

5.20 Overall there has been a net loss (6,024.8 sqm) of tourism related development. This was, mainly due to the development of the DLO Caversfield site at Skimmingdish Lane, Bicester for housing (-14,787 sqm) which resulted in 200 new homes.

5.21 Between January and December 2016 there were 7,039,936 visitors to the district: 6,657,936 of day visitors; and 382,000 of overnight trips. The total visitors spend for the year is £323,185,000.

- 5.22 During 2016/17, there was a total of 1,102 (net) housing completions within the District. This has fallen slightly when comparing the previous year which was the highest recorded completion figure in modern records (beginning in 1996). The completions by area were Banbury - 37%, Bicester - 34% and the rural areas - 29%. Some of the larger completions across the district included Longford Park, Banbury (140 dwellings); Southam Road, Banbury (62 dwellings); Kingsmere, Bicester (231 dwellings); Land at Talisman Road, Bicester (73 dwellings); and Heyford Park, Upper Heyford (106 dwellings). There was good progress made at other sites at Bicester and Banbury such as Graven Hill, Bicester; Kingsmere at South West Bicester; the Eco-Town development at North West Bicester; Land at Talisman Road, Bicester; East of Bloxham Road (South of Salt Way), Banbury; East of Southam Road, Banbury, North of Hanwell Fields, Banbury; Longford Park at Banbury; and West of Bretch Hill, Banbury. A number of sites in the rural areas are progressing well such as Land North of Station Road, Bletchington; Land at Quarry Close, Bloxham; Land North of Gaveston Gardens, Deddington.
- 5.23 27% of the 1,102 housing completions were on previously developed land with the majority coming from the rural areas particularly at the Heyford Park site and sites in Kidlington.

- 5.24 At 31 March 2017, there were extant planning permissions for a total of 7,708 dwellings that had not yet been built. In Banbury, most of the commitments relate to strategic, greenfield sites. At Bicester there were greenfield commitments at Kingsmere, South West Bicester, North West Bicester Eco-Town and a previously developed site with permission for 1,900 homes at the Graven Hill site. There were 481 homes with permission at Former RAF Upper Heyford (brownfield site) which have yet to be built. Other extant planning permissions in the rural areas include 165 dwellings at Bodicote; 145 dwellings at Bloxham; 91 dwellings at Deddington; and 83 dwellings at Bletchington.

- 5.25 The National Planning Policy Framework (NPPF) requires local planning authorities to “...identify and update annually a supply of specific deliverable sites sufficient to provide five years worth of housing against their housing requirements with an additional buffer of 5% (moved forward from later in the plan period) to ensure choice and competition in the market for land. Where there has been a record of persistent under delivery of housing, local planning authorities should increase the buffer to 20% (moved forward from later in the plan period) to provide a realistic prospect of achieving the planned supply and to ensure choice and competition in the market for land” (para’ 47).
- 5.26 The NPPF advises that “Local planning authorities may make an allowance for windfall sites in the five-year supply if they have compelling evidence that such sites have consistently become available in the local area and will continue to provide a reliable source of supply. Any allowance should be realistic having regard to the Strategic Housing Land Availability Assessment, historic windfall delivery rates and expected future trends, and should not include residential gardens” (para’ 48).
- 5.27 The Oxfordshire Strategic Housing Market Assessment (SHMA) was published in April 2014, which provided a new objective assessment of housing need for the District. It identified a need for 1,140 dwellings per annum equating to 22,800 dwellings from 2011 to 2031 (a need for 1,142 dwellings per annum to support the Strategic Economic Plan).

The adopted Local Plan 2011-2031 Part 1 (July 2015) sets a housing requirement of 22,840 dwellings for the period 2011 to 2031.

- 5.28 A comprehensive review of housing land supply has been undertaken as part of this AMR which takes into account housing completions and permissions as at 31 March 2017; the up-to-date position on all anticipated housing sites (October 2017); consultation with developers and agents; consultation with Council staff in the Development Management, Build® and the Bicester Delivery Team actively involved in individual sites; and current market conditions.

- 5.29 Table 15 provides the calculation of the current five year land supply based on the Housing Delivery Monitor at Appendix 2. It takes account of planning permission and completion data confirmed as at 31 March 2017. Only sites considered to be deliverable are included in the calculation of the five year housing land supply. In accordance with the NPPF, the five year housing land supply also includes an allowance for previously developed windfall sites (unidentified sites of less than 10 dwellings) based on an assessment included in the Council’s 2017 draft Housing and Economic Land Availability Assessment (HELAA).

- 5.30 Table 15 illustrates that the District is able to demonstrate a 5.5 year supply for the current period 2017-2022 and a 5.7 year supply for the next five year period (2018-2023) commencing on 1 April 2018. The calculations include a 5% buffer to both the base housing requirement and the shortfall and the making up of a delivery shortfall within five years. This AMR shows that a supply of 9,241 homes is expected from deliverable sites from 2017 to 2022 and a supply of 9,398 homes is expected for 2018-2023.

- 5.31 Completions at 31 March 2023 (the end of the five year period 2018-2023) are projected to be 15,185 for the period 2011 to 2023 (sites considered to deliverable now). This comprises 4,579 completions for 2011-2017, projected completions of 1,223 for 2017/18 and a five year supply of 9,383). This equates to an approximate average of 1,265 homes per annum which would exceed the annualised requirement of the adopted Local Plan 2011-2031 of 1,142 per annum.

Policy BSC 2 The Effective and Efficient Use of Land	Net housing density of completions	As set out in Policy BSC 2	The housing density of large completed sites (10 or more dwellings) during 2016/17 is 24 dwellings per hectare (dph).

- 5.32 The indicator looks at net housing density of completions however for the purpose of this AMR the gross site areas were used therefore the housing density recorded is actually lower than what it should have achieved. The next AMR will address this and the housing density will be calculated based on net site areas.
- 5.33 The housing density of large completed sites (10 or more dwellings) during 2016/17 is 24 dwellings per hectare (dph) which is slightly lower than the previous year (24.7) and the target set out in Policy BSC 2. Out of the 11 large completed sites, 5 of them have exceeded the target of 30 dph. Examples of completed sites with higher housing densities are as follows: Town Centre House, Banbury (186 dph); Winners Bargain Centre, Bicester (127 dph); KM7 and KM9 at Kingsmere, Bicester (35 dph); Land south of St Christophers Lodge Barford Road (35 dph); Parcels B and C at Longford Park, Banbury (31 dph and 32 dph).

- 5.34 A total of 312 affordable homes (gross) were completed in Cherwell during 2016/17, of which 39 (12.5%) were provided by Cherwell District Council. Over 75% of the affordable homes were delivered at Banbury (41%) and Bicester (36%) with majority being located at Longford Park (Banbury) and Kingsmere (Bicester). There were 34 sales or acquisitions (i.e. taking account of losses, redevelopment, etc), therefore there were 278 net affordable housing completions during 2016/17. The number of affordable housing completions has slightly fallen from the previous year which was a very high year due to the total number of housing completions overall in the district. The level of affordable housing completion has exceeded the Council’s affordable housing target of 190 dwellings.
- 5.35 During 2016/17, there was 1 self-build completion in the District which took place at the Graven Hill site (Bicester 2 allocation in the Local Plan). Graven Hill has planning permission for 1,900 self-build dwellings and will be the largest self-build development in the country. This is the first completion recorded on the site however there are several plots under construction therefore the number of self-build completions are likely to increase steadily over the next few years.

Policy BSC 4 Housing Mix	Number of completed dwellings per number of bedrooms	As set out in Policy BSC 4	The 1,102 completed dwellings comprises the following: 146 x 1 bed, 281 x 2 bed, 274 x 3 bed, 313 x 4 bed, 57 x 5 bed and 31 unknown.
Policy BSC 4 Housing Mix	Number of ‘extra care’ completions	As set out in Policy BSC 4	There were no extra care completions during 2016-17.

* There were 31 housing completions where the numbers of bedrooms were unknown.

5.36 The table above shows a breakdown of the total completions by the number of bedrooms. The majority of the total completions of 1,102 dwellings were 4 bedrooms (28%) followed by 2 bedrooms (25%) and 3 bedrooms (25%). For market housing the largest proportion were 4 bedrooms, whilst for affordable housing these were mainly 2 bedrooms. In Banbury and rural areas there were more 4 bedrooms provided, whilst in Bicester there was a higher number of 2 bedrooms provided.

5.37 There were no extra-care dwellings completed during 2016/17, however there is a development of 78 extra care apartments on Broughton Road, Banbury that is currently under construction and is expected to be completed by March 2019.

Policy BSC 5 Area Renewal	Completed development per type in the 'area of renewal'	Improvements in levels of deprivation in the District	During 2016/17 there was one completed scheme at Woodgreen Leisure Centre, Banbury which resulted in a small extension to the existing leisure centre for use as a café/library area ancillary to the leisure use.
Policy BSC 5 Area Renewal	The 'Brighter Futures in Banbury' performance Measures Package Reports	Positive trends across all the Programme's indicators	Progress will be recorded in The Brighter Futures in Banbury Programme Annual Report 2016/17.

- 5.38 Brighter Futures in Banbury is a strong long term partnership programme delivering new opportunities, innovative projects and high quality focussed services in Ruscote, Neithrop and Grimsbury and Castle Wards.
- 5.39 The Brighter Futures in Banbury Programme Annual Report 2016/17 is currently being prepared and will be published on the Council’s website once complete.

Policy BSC 6 Travelling Communities	Completed/Lost Gypsy & Traveller Plots/Travelling Showpeople Pitches, by location (location criteria as set out in Policy BSC 6)	Provision for new pitches to meet identified shortfall as set out in Policy BSC 6	There remains a need to meet policy requirements and to secure 5 year land supplies. A new needs assessment was published in June 2017 and Local Plan Part 2 will need to allocate sites to meet the identified needs. In the meantime, applications continue to be considered against the criteria in Policy BSC6.

- 5.40 The Government’s overarching aim is to ensure fair and equal treatment for travellers, in a way that facilitates the traditional and nomadic way of life of travellers whilst respecting the interests of the settled community. Local Planning Authorities should:
- Make their own assessment of need for the purposes of planning
 - Develop fair and effective strategies to meet need through the identification of land for sites
 - Plan for sites over a reasonable timescale
 - Ensure that their Local Plan includes fair, realistic and inclusive policies
 - To have due regard to the protection of local amenity and local environment.

- 5.41 At 31 March 2017, the total supply of Gypsy and Traveller pitches was 57. Projected new supply from 2017/18 should increase supply to 62 pitches which still represents a net loss of 8 pitches since 1 April 2012.
- 5.42 Policy BSC 6: Travelling Communities of the adopted Cherwell Local Plan 2011-2031 (Part 1) provides a sequential and criteria based approach for identifying suitable locations for new traveller sites whether through site allocations in the Local Plan Part 2 or in the determination of planning applications. The Policy sets a requirement of 19 (net) additional pitches to meet the needs of Gypsies and Travellers from 2012 to 2031. It also requires 24 (net) additional plots for Travelling Showpeople from 2012 to 2031.
- 5.43 Tables 20 and 21 below show the remaining Local Plan requirement for Gypsy and Traveller sites and the latest projections for future supply.

- 5.44 There is a requirement for Local Planning Authorities, in producing their Local Plan, to identify and update annually, a supply of specific deliverable sites sufficient to provide 5 years' worth of sites against their locally set targets.
- 5.45 Table 22 provides the five year supply calculation on the basis of Local Plan requirements.

- 5.46 A new Gypsy, Traveller and Travelling Showpeople Accommodation Assessment (GTAA) for Cherwell, Oxford, South Oxfordshire and Vale of White Horse Councils was published in June 2017 (<https://www.cherwell.gov.uk/info/112/evidence-base/340/local-plan-part-2---evidence-base>). It identifies a new objective assessment of need for each authority based on the new definitions of Gypsies and Travellers and Travelling Showpeople for planning purposes (Annex 1 of the Government's Planning Policy for Traveller Sites (PPTS, 2015)). It identifies a need for 7 additional pitches for households for Cherwell by 2032 where it is known that they meet the planning definition.
- 5.47 The Assessment highlights that there are many households where it is 'unknown' whether or not the new planning definition of Gypsies and Travellers is met. Should further information arise, it states that the overall need could increase by up to 12 pitches. Additionally, a potential need for 8 pitches is highlighted due to the closure of a site (Smiths Caravan Park).
- 5.48 The Assessment advises that that for 'unknown' travellers 'it would not be appropriate when producing a robust assessment of need to make any firm assumptions about whether or not they meet the planning definition...' based on interviews that have taken place (para.7.28 of the study).
- 5.49 A revised five year supply calculation is presented in Table 23 which does not include an allowance for 'unknown' need but which includes the potential need for 8 pitches

arising from the Smiths site (a site that until recently was included in the district's supply).

5.50 Tables 24 and 25 show the current supply position for plots for Travelling Showpeople. Table 26 shows the five year supply calculation based on Local Plan requirements. Table 27 provides a revised five year supply calculation based on the Accommodation Assessment and a need for 12 plots from 2017-2032. The 'unknown' need for Travelling Showpeople (not included in the calculation) is only 1 plot. Although the identified need is lower than Local Plan requirements, there remains a five year land supply of zero years for both 2017-22 and 2018-23 as no new supply has yet been identified. Sites will be identified in Local Plan Part 2 and, in the interim, Policy BSC6 provides a sequential and criteria based approach for considering opportunities.

Policy	Indicator	Target	Progress
Policy ESD 1 Mitigating and Adapting to Climate Change	Carbon emissions in the District per capita	Reductions over the plan period	This indicator will be reported in the next AMR.
Policy ESD 1 Mitigating and Adapting to Climate Change	Permissions granted contrary to Environment Agency advice on Flood Risk grounds	No permissions granted contrary to EA advice on flood risk grounds	There was 1 permission granted with unresolved objections from the Environment Agency. This applies to the same indicator under Policy ESD 6.
Policy ESD 1 Mitigating and Adapting to Climate Change	Access to services and facilities by public transport, walking and cycling	Improvement over the plan period, linked to Oxfordshire LAA target (National Indicator 175)	Refer to Policy SLE4.

5.52 There were 2 planning permissions granted (or allowed on appeal) between 1 April 2016 and 31 March 2017 to which the Environment Agency had initially objected on flood risk grounds. The Council’s Development Management records database has been reviewed to identify whether the Environment Agency’s objection was subsequently withdrawn and/or whether the Environment Agency’s recommended conditions were attached to the planning consent. There was 1 permission granted with unresolved objections from the Environment Agency.

Policy	Indicator	Target	Progress
Policy ESD 2 Energy Hierarchy	Number of Energy Statements submitted	As set out in Policy ESD2 i.e. required for all major applications	This indicator will be reported in the next AMR.

Policy	Indicator	Target	Progress
Policy ESD 3 Sustainable Construction	% of new dwellings completed achieving water use below 110 litres/person/day	As set out in Policy ESD3	All new dwellings are required to meet the mandatory national standard set out in the Building Regulations of 125 litres/person/day.

			The reduced limit of 110 litres/person/day is not however currently monitored and requires further liaison with Development Management and water utility companies to identify how best to achieve this target.
Policy ESD 3 Sustainable Construction	Completed non residential development achieving BREEAM Very Good, BREEAM Excellent	As set out in Policy ESD3	All non-residential development is typically required by condition to be constructed to achieve at least a BREEAM 'Very Good' rating based on the relevant BREEAM standard for that building type applicable at the time of the decision. There is however currently no requirement for developers to provide evidence that the development has achieved the required BREEAM rating.

Policy	Indicator	Target	Progress
Policy ESD 4 Decentralised Energy Systems	Number of District Heating Feasibility Assessments submitted	As set out in Policy ESD4 i.e. required for all applications for 100 dwellings or more	This indicator will be reported in the next AMR.
Policy ESD 4 Decentralised Energy Systems	Number of permitted District heating schemes in the District	Increase over the plan period	No district heating schemes were permitted during 2016/17.

Policy	Indicator	Target	Progress
Policy ESD 5 Renewable Energy	Permitted renewable energy capacity per type	Increase over the plan period	6 planning permissions were approved for renewable energy schemes.

5.53 During 2016/17, 6 planning permissions were approved for renewable energy schemes which is a continuing decrease from previous years (12 in 2015/16 and 26 in 2014/15). From the four biomass schemes, one had an energy output of 1.65MWth and three generating a combined energy output of 1195kw. The two solar photovoltaics (PVs) schemes had a combined energy output of 954.91kw.

Policy	Indicator	Target	Progress
Policy ESD 6 Sustainable Flood Risk Management	Permissions granted contrary to Environment Agency advice on flood risk grounds	No permissions granted contrary to EA advice on flood risk grounds	There was 1 permission granted with unresolved objections from the Environment Agency. This applies to the same indicator under Policy ESD 6.
Policy ESD 6 Sustainable Flood Risk Management	Flood Risk Assessments received for development proposals within Flood Zones 2 & 3, within 1 ha of Flood Zone 1, or 9m of any watercourse	As set out in Policy ESD6 i.e. required for all proposals meeting the locational criteria	There were 203 relevant planning applications received for development within Flood Zones 2 & 3, within 1 ha of Flood Zone 1, or 9m of any watercourse. Of these applications, 49 Flood Risk Assessments were received.

5.54 During 2016/17, there were 203 relevant planning applications received for development within Flood Zones 2 and 3, within 1 ha of Flood Zone 1, or 9m of any watercourse. Of these applications, 49 Flood Risk Assessments were received, representing 24.14% of the total applications received.

Policy	Indicator	Target	Progress
Policy ESD 7 Sustainable Drainage Systems (SuDS)	Completed SuDS schemes in the District	Annual increase over the plan period	This indicator will be reported in the next AMR.

Policy	Indicator	Target	Progress
Policy ESD 8 Water Resources	Number of permissions granted contrary to Environment Agency advice on water quality grounds	No permissions granted contrary to EA advice on water quality grounds	There have been no planning permissions granted contrary to an Environment Agency objection on water quality grounds.

5.55 There have been no planning permissions granted contrary to an Environment Agency objection on water quality grounds.

Policy	Indicator	Target	Progress
Policy ESD 9 Protection of the Oxford Meadows SAC	Number of permissions granted contrary to consultee (Environment Agency, BBOWT, CDC/OCC etc) advice on water quality grounds within the SAC catchment	No permissions granted contrary to consultee (EA, BBOWT, CDC/OCC etc) advice on water quality grounds within the SAC catchment	There were no planning permissions granted within 1000m of the Oxford Meadows SAC contrary to consultee advice.

5.56 There were no planning permissions granted within 1000m of the Oxford Meadows SAC contrary to consultee advice. However, it has not been possible to define the exact SAC catchment area which could exceed the buffer used. The Council has therefore sought advice from the Environment Agency on best practice for monitoring this indicator in the future.

Policy	Indicator	Target	Progress
Policy ESD 10 Protection and Enhancement of Biodiversity and the Natural Environment	Total LWS/LGS area	A net gain in total areas of biodiversity importance in the District	The amount of Local Wildlife Sites in the district has increased from 1,053 ha to 1,542 ha, an increase of 489 ha.
Policy ESD 10 Protection and Enhancement of Biodiversity and the Natural Environment	Changes in priority habitats by number & type	An annual increase over the plan period	A decrease in priority habitats from 4,380 to 3,678, a reduction of 702.
Policy ESD 10 Protection and Enhancement of	Changes in priority species by number & type	A net gain in priority species by number and type	The number of priority species listed in Cherwell is 148. The number of priority species has reduced

Local Wildlife Sites (LWS)	1,053	1,542	2.5%
Local Geological Sites (LGS)	139	139	<1%

5.58 There are 81 Local Wildlife Sites within Cherwell, with a further four overlapping with West Oxfordshire. Eleven sites were surveyed in 2016 and considered by the LWS panel in 2017. Three sites were accepted as a new LWS (RSPB Otmoor, Hedgerow between Little Wood and Piddington Wood and Piddington Wood extension). The area of Local Geological Sites (LGS) remains the same for 2017.

5.59 Table 31 provides details of the UK priority habitats which have been identified within Cherwell. The changes largely represent an improved understanding of the habitat resource in Cherwell rather than the creation or loss of habitat. The slight decrease in habitat area was due to reclassification of habitat types following updates using additional survey data.

Table 32 – Change in numbers of UK priority species

	1995-2016	1996-2017
Number of UK priority species	154	148

- 5.62 This indicator uses an established list of 19 species, identifiable as farmland birds, compiled by the RSPB. Survey data were generated by the British Trust for Ornithology (BTO), survey volunteers and compiled by BTO officers from the BTO/JNCC/RSPB Breeding Bird Surveys, in specific 1km by 1km squares and then used to determine a farmland bird index. These records were then made available to TVERC for processing at a district-specific level, using the methodology established by RSPB Central England Office staff.
- 5.63 To establish a timeframe from which any kind of meaningful trend can be identified, a shifting baseline has been used and changes in bird populations in subsequent years (over a 10 year window) are then stated relative to that baseline year. This latest assessment of the farmland bird index trend uses a baseline of 2007.
- 5.64 The reliability of the species records is dependent on the number of 1km squares which have been surveyed in a season. This varies from year to year. As a consequence, the reliability of the resulting farmland bird figures is open to debate.
- 5.65 There has been an increase in the farmland bird index since 2016. Nearly all species have seen a recovery in numbers despite the survey effort not being greater than in the previous year.

Table 35 – Distribution and Status of Water Voles

Year	Number of sites surveyed in Oxfordshire (per 500m stretch)	Number of sites surveyed in Cherwell	Number of sites with positive signs
2016	22 (6 positive)	15	3 (20%)

- 5.66 In 2016, twenty two sections of the Oxford Canal were surveyed. Six of these were positive for water voles and sixteen were negative. Only low levels of water vole activity were identified on all positive stretches. This represents a small decline in range from last year and water voles on the canal had split into two small distinct populations at Kidlington and Wolvercote.

5.67 In 2016/17 approximately 22% of the Local Wildlife Sites were in Positive Conservation Management which has significantly reduced from approximately 53% in 2014/15. A report prepared by Berkshire Buckinghamshire Oxfordshire Wildlife Trusts (Protecting and enhancing biodiversity and geodiversity in Oxfordshire, Nov 2017) shows that there was a significant increase in the number of LWS in positive management across the whole county initially. This was encouraging as it indicated that landowners were taking on responsibility to manage their sites well. Since 2014 the general trend is one of decline which is affecting each of the districts similarly. The decline is in large part due to the gradual existing of sites from the Higher Level Stewardship schemes which are coming to an end. This replacement Countryside Stewardship is not being adopted at the same rate by landowners or being awarded so liberally since it is a competitive fund.

Other Indicators – Policy Kidlington 1 Accommodating High Value Employment Needs

Policy	Indicator	Target	Progress
Policy Kidlington 1 Accommodating High Value Employment Needs	Employment completions in Kidlington (at a. Langford Lane/London-Oxford Airport and b. Begbroke Science Park)	An annual increase over the plan period	A planning permission for a new technology park comprising 40,362 sqm of employment floorspace (14/02067/OUT) was given but not yet started. The site is within an area where a small scale local review

			of the Green Belt will be undertaken as part of Local Plan Part 2.
Policy Kidlington 1 Accommodating High Value Employment Needs	Completed employment development on Green Belt land in Kidlington beyond review areas	To accord with Policy ESD14	No employment development recorded during 2016/17.

Other Indicators – Policy Kidlington 2 Strengthening Kidlington Village Centre

Policy	Indicator	Target	Progress
Policy Kidlington 2 Strengthening Kidlington Village Centre	Permitted residential development at ground floor level in Kidlington Village Centre	No residential floorspace permitted at ground floor level	There were no permissions given.
Policy Kidlington 2 Strengthening Kidlington Village Centre	Village centre vacancies	No increase in vacancy rates over the plan period	This indicator will be reported in the next AMR.
Policy Kidlington 2 Strengthening Kidlington Village Centre	Diversity of uses	Maintain or improve the balance of uses within the town centre over the plan period	There was one completed scheme during 2016/17 which resulted in a small loss in A3 (-20 sqm) and a gain in D1 (455 sqm) use class.
Policy Kidlington 2 Strengthening Kidlington Village Centre	Completed town centre uses (including use classes A1-A5, B1a, D2) within and outside of Kidlington Village Centre	No net loss of town centre use floorspace within Kidlington Village Centre	There has been a very small net loss of -20 sqm in A3 use class within Kidlington village centre.

5.76 There were no permissions granted for residential development at ground floor level in Kidlington village centre during 2016/17.

Table 39 - Town Centre uses completions within and outside of Kidlington Village Centre

Location	A1	A2	A3	A4	A5	B1a	D2	Total
Within Kidlington village centre	0	0	-20	0	0	0	0	-20
Outside Kidlington centre	670	0	0	0	0	-1757	0	-1087
Kidlington Total	670	0	-20	0	0	-1757	0	-1757

5.77 There has been a very small net loss of -20 sqm in A3 use class within Kidlington village centre, with a larger overall loss of -1,757 sqm in Kidlington as a whole. The loss in B1a use class took place at Airways Aviation Academy at Langford Lane and Essentra Component at Langford Lane. There were only three completed sites at Kidlington during 2016/17.

Other Indicators – Policy Villages 1 Village Categorisation

Policy	Indicator	Target	Progress
Policy Villages 1 Village Categorisation	Completed development per village category and size of scheme (number of dwellings)	As set out in policy Villages 1	Progress is recorded in the Housing Delivery Monitor in Appendix 2.

Other Indicators – Policy Villages 2 Distributing Growth Across the Rural Areas

Policy	Indicator	Target	Progress
Policy Villages 2 Distributing Growth Across the Rural Areas	Land allocations made in the rural areas	As set out in policy Villages 2 and to be set out in the Local Plan Part 2.	This indicator will be monitored once the Local Plan Part 2 is adopted. There are no land allocations in the two 'made' Neighbourhood Plans over and above existing planning permissions.
Policy Villages 2 Distributing Growth Across the Rural Areas	Completions on allocated sites in rural areas	100% take up of allocations over the plan period	There are presently no new non-strategic allocations. This indicator will be monitored once the

			Local Plan Part 2 is adopted
Policy Villages 2 Distributing Growth Across the Rural Areas	Completions on non-allocated sites in rural areas	As set out in the criteria in policy Villages 1 and 2	There were 32 completions at Category A villages during 2016/17 that contributes to Policy Villages 2.

- 5.78 Policy Villages 2 of the adopted Local Plan 2011-2031 provides for an additional 750 dwellings at Category A villages (2014-2031) in addition to the rural allowance for small site ‘windfalls’ and planning permissions as at 31 March 2014. Therefore new planning permissions given at the Category A villages from 1 April 2014 and completions on those sites will contribute to the requirement of 750 dwellings. Category A villages are identified as the more sustainable villages in the district under Policy Villages 1.
- 5.79 During 2016/17 there were 32 dwellings completed at Category A villages that contribute to the Policy Villages 2 requirement of 750 dwellings. Since 1 April 2014 a total of 664 dwellings have been identified for meeting the Policy Villages 2 requirement of 750 dwellings. These are sites with either planning permission or a resolution to approve, and identified developable sites. These are included in the Housing Delivery Monitor in Appendix 2. Between 1 April 2014 and 31 March 2017 there were a total of 103 net housing completions on the above sites. This equates to 13% of the total requirement of 750 dwellings. At 31 March 2017 there are 86 dwellings remaining from the Policy Villages 2 requirement.
- 5.80 The adopted Local Plan 2011-2031 does not allocate sites in the rural areas as only strategic sites were allocated in the Plan. Non-strategic sites will be allocated in the Local Plan Part 2. However, there is one strategic allocation in the rural areas which is the Former RAF Upper Heyford that was included in the adopted Local Plan 2011-2031. The completion figure below excludes any completions that took place at this strategic allocation.

Other Indicators – Policy Villages 3 Rural Exception Sites

Policy	Indicator	Target	Progress
Policy Villages 3 Rural Exception Sites	Completions on rural exception sites	To meet needs as per Policy Villages 3	No affordable homes on exception sites completed during 2016/17.

5.81 In 2016/17, there were no affordable housing completions on Rural Exception Sites.

Other Indicators – Policy Villages 4 Meeting the Need for Open Space, Sport & Recreation

Policy	Indicator	Target	Progress
Policy Villages 4 Meeting the Need for Open Space, Sport & Recreation	Developer contributions to open space/sport/recreation facilities in the rural areas	As set out in policy BSC11 and BSC12 and the Infrastructure Delivery Plan	Refer to Policy BSC10.
Policy Villages 4 Meeting the Need for Open Space, Sport & Recreation	Open space/sport/recreation facilities created in the rural areas	As set out in policy Villages 4, BSC11, BSC12 and the Infrastructure Delivery Plan	Open space, sport and recreation assessments, including a Playing Pitch Strategy are being undertaken which will provide updated baseline information when completed. This indicator will be reported in the 2018 AMR.

SA/SEA Adoption Statement – Cherwell Local Plan 2011-2031 Part 1 (July 2015)**SA Objectives and Suggested Indicators**

5.82 The SA/SEA Adoption Statement (July 2015) sets out the monitoring indicators for monitoring the effects of the Cherwell Local Plan 2011-2031 Part 1 on the SA objectives. Majority of the suggested indicators have already been included in the Monitoring Framework of the adopted Local Plan Part 1 however there were three that were not included which were in relation to SA Objectives 5 (crime) and 14 (waste). These suggested indicators will be reported as part of the AMR.

SA Objective	Suggested Indicator	Progress
5. To reduce crime and disorder and the fear of crime	Crime levels in Cherwell District	During 2016/17 there were a total of 11,057 recorded crimes in the district.
14. To reduce waste generation and disposal, and achieve the sustainable management of waste	% of household waste sent for re-use, recycling and compost	56.54% of household waste was sent for reuse, recycling or composting during 2016/17.
14. To reduce waste generation and disposal, and achieve the sustainable management of waste	% of construction and demolition waste re-used	Oxfordshire County Council is responsible for minerals and waste. Progress will be recorded on the County's website. https://www.oxfordshire.gov.uk/cms/content/new-minerals-and-waste-local-plan

5.83 During 2016/17 there were a total of 11,057 recorded crimes in the district. The majority of crimes recorded were in violent (20.3%), anti-social behaviour (18.2%) and shoplifting (14.5%).

6.0 Monitoring progress of infrastructure provision

- 6.1 Infrastructure is an essential part of sustainable development supporting increased housing provision and economic growth, mitigating against climate change and facilitating improved quality of life within communities.
- 6.2 The Infrastructure Delivery Plan (IDP) contains the infrastructure required to support the adopted Cherwell Local Plan 2011-2031 Part 1 (July 2015) and it is set out in Appendix 8 of the Plan.
- 6.3 The IDP is a live document adjusted over time to reflect changes in circumstances and strategies alongside the annual monitoring of Local Plan infrastructure Policy INF1.
- 6.4 This AMR update includes summary tables of infrastructure progress. IDP Update December 2017 can be viewed at www.cherwell.gov.uk/monitoring.
- 6.5 Appendix 7 of this AMR shows progress on infrastructure delivery including new projects, known to CDC Officers at November 2017. The tables also indicate pipeline projects, those known to be at early project development stage. These pipeline projects could potentially be included in next IDP updates subject to their progression as part of infrastructure providers' plans and programmes.
- 6.6 IDP Update December 2017 includes adjusted phasing periods to reflect project updates as the plan period progresses and projects are completed: Short term: 2016-2020, Medium term: 2020-2025 and Long term 2025-2031.
- 6.7 Following the Local Plan Part 1 adoption, the Council commenced preparation of Local Plan Part 2 on development management policies and non-strategic sites, and a Local Plan Part 1 Partial Review concerning Oxford's unmet housing need. More detailed information on infrastructure provision will arise through the progression of these emerging plans and Neighbourhood Plans.

7.0 Future Monitoring

- 7.1 The Local Plan 2011-2031 Part 1 was adopted in July 2015 which means that this is the first AMR to cover the full monitoring year. There are still a number of indicators from the Monitoring Framework within the Plan that cannot be monitored but which will be reported upon next year.
- 7.2 Monitoring is important to ensuring the successful delivery and implementation of the Cherwell Local Plan 2011-2031 and in preparing future evidence and policy documents. Monitoring highlights good and poor performance, where action might be necessary and ultimately where policies might need to be reviewed.
- 7.3 The AMR process is important in assessing whether:
- Policy targets have been met, or progress is being made towards meeting them
 - Policy targets are not being met, or are not on track to being achieved, and the reasons for this
 - Policies are having an impact in respect of national and local policy targets, and any other targets identified in local development documents
 - Policies need adjusting or replacing because they are not working as intended
 - Policies need changing to reflect changes in national policy or strategic needs
 - Appropriate infrastructure is being delivered to support growth.
- 7.4 The Local Plan Monitoring Framework is closely linked to the monitoring framework developed for the Local Plan Sustainability Appraisal, which sets out the monitoring indicators for monitoring the effects of the Cherwell Local Plan 2011-2031 Part 1 on the SA objectives.

I.e. after the basedate. HELAA (2017) site HELAA278. Taken out of the 5 year housing land supply. The 2017 draft HELAA has considered the site to be deliverable based on the extant planning permission at the time of writing the draft HELAA. Due to the expiry of the planning permission the site should be changed to a developable site as there is no prospect of the site being brought forward at present time.

Graven Hill	Allocated in the adopted Local Plan 2011-2031 Part 1 for 2100 dwellings (Bicester 2). Outline application (11/01494/OUT) granted on 8 August 2014 for redevelopment of former MOD sites including demolition of existing buildings, development of 1900 homes; local centre to include a 2 form entry primary school (class D1), a community hall of 660sqm, five local shops or facilities to include A1, A2, A3, A5 and D1 uses totalling up to 1356sqm, up to 1000sqm gross A1 uses, a pub/restaurant/hotel (class A4/A3/C1) up to 1000sqm and parking areas; employment floorspace comprising up to B1(a) 2160sqm, B1(b) 2400sqm, B1(c) and B2 20520sqm and B8 uses up to 66960sqm; creation of public open space and associated highway improvement works, sustainable urban drainage systems, biodiversity improvements, public transport improvements and services infrastructure. Local Development Order for 198 dwellings (16/02197/LDO) approved in January 2017. A Reserved Matters application for demonstrator plots was approved on 19 December 2016. The remaining 200 homes will be provided on land at Langford Park.	207.23	PDL	1899	1	30	140	200	200	200	200	200	200	200	200	200	129	0	0	2100	A strategic allocation in the adopted Local Plan 2011-2031 for 2100 dwellings (Bicester 2). The site has been acquired by the Council and transferred to a Graven Hill Village Holding Company. The MoD is contractually obliged to transfer the land in two phases. Phase 1 - 2015 and Phase 2 - 2019. Lead housebuilder - Graven Hill Development Company Ltd. Graven Hill will be a large scale self-build housing development; the intention being to create the UK's first self-build community. Infrastructure is in place and the site is now under construction. The first 10 demonstrator plots are making good progress with 2 plots being completed to date. A revised Local Development Order for 198 plots was approved in January 2017 which will help facilitate the delivery of initial self-build dwellings on the site. Several of these plots are now under construction. Expected delivery rates provided by the housebuilder (November 2017). The Development Company expects a 10 year build-out but a longer period has been allowed for in the interest of caution.	
Kingsmere (South West Bicester) - Phase 1	Outline planning permission for an urban extension (1631 homes - 06/00967/OUT (1585) & 11/01052/OUT (46)). Application for 46 dwellings (14/01207/OUT) was approved on 17 July 2015 with the Reserved Matters (15/00192/REM) approved on 8 June 2016. Non-Statutory allocation. Application (11/01840/F) for conversion of existing barns to form 7 no. dwellings and construction of 4 no. dwellings was approved on 15 July 2013 which was completed in September 2014 (2014/15). Planning application for an additional 100 homes (13/00433/OUT) was approved on 15 August 2016. Reserved Matters approvals ongoing.	82.7	G	819	923	200	200	200	150	69	0	0	0	0	0	0	0	0	0	0	1742	Countryside Properties joint venture. There are currently 4 developers on site (Bovis Homes, Bellway Homes, Linden Homes and Persimmon Homes). Countryside Properties advised (October 2017) the four housebuilders currently on site are averaging 1 completion per week. Phase 1 is averaging 17 completions per month which equates to 204 per year. However this does fluctuate and increase significantly at certain points. The 2016 AMR identified 200 completions will be expected during 2017/18. The Council's monitoring for quarters 1-2 (17/18) suggest that this is likely to be achieved.
Land at Bessemer Close / Launton Road	Non-statutory allocation for 70 dwellings. A planning application (15/02074/OUT) for demolition of existing industrial buildings and erection of 21 affordable dwellings and 49 open market dwellings was allowed on appeal on 3 May 2017. CDC Housing advised (October 2017) that work has commenced for the 11 dwellings on either side of the former Bicester Library during the first half of 2017 and is expected to be completed by Spring 2018. Future potential for redevelopment of the former library site.
Land South of Talisman Road	Outline application 09/01592/OUT for 140 dwellings granted on appeal (APP/C3105/A/11/2147212) on 18 August 2011. Reserved Matters application for 125 dwellings (13/01226/REM) was approved on 13 February 2014.	3.83	G	52	73	40	12	0	0	0	0	0	0	0	0	0	0	0	0	0	125	The site is currently under construction by Mulberry Homes. The 2016 AMR identified 50 completions will be expected during 2016/17 and 40 during 2017/18, however the actual completions during 2016/17 had exceeded this with 73 completions during 2016/17. The Council's monitoring for quarters 1-2 (17/18) suggests that 40 is likely to be achieved in 17/18 with a remaining 12 completions during 18/19.

The site is required as a public car park during town centre redevelopment. Phase 1 has been completed. A review of the town's car parking capacity will need to be undertaken before the site is released. No more than 40 dwellings are likely to be provided due to the anticipated need for some informal parking and/or more scope to provide an attractive, open environment (square/open space). CDC Parking Services advised (October 2017) that an extension of time period for continued use as a car park has recently been agreed (September 2017) which retains the site as a car park until September 2022. The site therefore will not be available until 22/23. HELAA (2017) site HELAA264. The 2017 draft HELAA has considered the site to be developable. Estimated delivery rates pushed back.
