1.0 Introduction

What is the Annual Monitoring Report?

- 1.1 Our AMR reviews progress in preparing the Council's planning policy documents and assesses whether development plan policies are being effective. It provides monitoring information on employment, housing and the natural environment.
- 1.2 This year's AMR covers the period 1 April 2017 – 31 March 2018. A base date of 31 March 2018 is therefore used for monitoring performance against specified indicators. However, the AMR includes an up-to-date report on Local Plan progress when measured against the Local Development Scheme (LDS), the programme for producing Local Development Documents. The AMR also includes up-to-date information on the future deliverability of development.
- 1.3 The Cherwell Local Plan 2011-2031 Part 1 was formally adopted by Cherwell District Council on 20 July 2015. The Plan provides the strategic planning policy framework for the District. Policies within the Plan replace some of the saved policies of the adopted Cherwell Local Plan 1996. Policy Bicester 13 of the Local Plan was re-adopted on 19 December 2016 following the outcome a legal challenge. The re-adopted policy is identical to that originally adopted by the Council on 20 July 2015, other than the deletion of the words, '*That part of the site within the Conservation Target Area should be kept free from built development*' from the third bullet point of the policy's key site specific design and place shaping principles.
- 1.4 This is the fourth AMR to monitor against the indicators and targets from the adopted Local Plan 2011-2031 Part 1. However, as the Plan was adopted on 20 July 2015 which is partly through the monitoring period of 2015/16 this is the second AMR that fully reports on these indicators.

Purpose of the Annual Monitoring Report

- 1.5 The purpose of this AMR is to:
 - monitor the preparation of Cherwell's Local Plan against timetables in the Local Development Scheme;
 - assess the extent to which policies are being achieved;
 - review actions taken under the Duty to co-operate.
- 1.6 The AMR is required to give account of:
 - the timetable and milestones for the preparation of documents contained in the Local Development Scheme and progress towards meeting them;
 - progress against policies and related targets set out in the Local Plan.

Legislative Background

- 1.7 The Council has a statutory obligation to produce a monitoring report. The Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended) sets out the requirements that must be satisfied by the report.
- 1.8 Subject to meeting those requirements, it is a matter for individual Councils to decide on the content on their monitoring reports. There is no longer a requirement to submit the report to the Secretary of State for Communities and Local Government.

Structure of the Annual Monitoring Report

- 1.9 **Section 2** of the AMR presents the key findings from the monitoring work undertaken during this monitoring year.
- 1.10 **Section 3** of the AMR reports on the delivery of Cherwell District's Local Plan and other supporting documents, providing a review of actual progress compared with the targets and milestones set out in the Local Development Scheme.
- 1.11 **Section 4** looks at the progress made on neighbourhood planning within the district.
- 1.12 **Section 5** of this AMR sets out the monitoring results in detail using specific indicators from the adopted Local Plan 2011-2031 Part 1. This covers the three themes and Cherwell's places and in subsequent order.
- 1.13 **Section 6** looks at the progress with infrastructure delivery.
- 1.14 For further information relating to the AMR, please contact the Council's Planning Policy and Growth Strategy team:

2.0 Key Findings

- 2.1 This chapter sets out the key findings of the Annual Monitoring Report for the monitoring year 2017/18. The results are presented and discussed in more detail in Chapter 5.

Local Plan Progress / Local Development Scheme

Progress in the Monitoring Year 2017/18

- The Local Development Scheme was updated, approved and published in November 2017.
- The Proposed Submission draft of the Cherwell Local Plan Part 1 Partial Review: Oxford's unmet housing need was published for public consultation between Monday 17 July and Tuesday 10 October 2017 together with supporting evidence.
- The Local Plan Partial Review was submitted to the Secretary of State for Housing, Communities and Local Government for formal examination on 5 March 2018.
- The Adderbury Neighbourhood Plan was submitted to the Council in April 2017 and was consulted upon from 12 October to 24 November 2017.
- The Council's Brownfield Land Register was published in December 2017.
- The Developer Contributions Supplementary Planning Document was adopted by the Council on 26 February 2018.

Progress since the end of the Monitoring Year

- The Adderbury Neighbourhood Plan referendum was held on 21 June 2018, which resulted in a favourable decision. On 16 July 2018 Cherwell District Council formally 'made' the Adderbury Neighbourhood Plan.
- The draft Submission Mid-Cherwell Neighbourhood Plan was consulted upon from 4 May to 19 June 2018.
- The Cherwell Residential Design Guide Supplementary Planning Document was adopted by the Council on 16 July 2018.

Duty to Co-operate

- The Council continues to engage on an on-going basis with prescribed and non-prescribed bodies to meet its statutory duties and ensure appropriate collaboration and consultation with partners and organisations such as Oxford City Council, Oxfordshire County Council, other adjacent local authorities and other specific consultees. This includes joint working through the Oxfordshire Growth Board, the supporting working groups, regular meetings with the County Council and with both the Oxfordshire and South East Midlands Local Enterprise Partnerships (the LEPs).

Employment

- The district has seen a low gain in employment floorspace with 951 sqm completed over 2017/18 following a high return in 2016/17 (103,000 sqm).
- At 31 March 2018 there was nearly 500,000 sqm (net) of employment floorspace with planning permission but not constructed.
- Employment land which includes allocations and permissions amounts to 287.14 ha. There are nearly 79 ha of remaining allocated employment land yet to receive planning permission.
- Only 0.51 ha of employment land was lost to non-employment use during 2017/18.
- Overall there was a small loss of 281.92 sqm (net) floorspace in tourism related developments over the course of 2017/18.

Housing

- The District presently has a 5.0 year housing land supply for the period 2018-2023 and a 5.2 year housing land supply for the period 2019-2024 (commencing 1 April 2019).
- There were 1,387 housing completions (net) during 2017/18.
- The total number of housing completions (net) between 2011 and 2018 is 5,966 dwellings.
- 20% of housing completions (net) in 2017/18 were on previously developed land.
- Net affordable housing completions in 2017/18 were 426.
- At 31 March 2018 there are extant planning permissions for a total of 7,973 dwellings. These are homes with planning permissions but not yet built.

Natural Environment

- There were three planning applications granted permission contrary to Environment Agency's advice on flood risk grounds, however no permissions granted on water quality grounds objection.
- 5 planning permissions were approved for renewable energy schemes including two for air source heat pumps, two for biomass and one for solar photovoltaics (PVs).
- There has been an increase in total area of priority habitats from 3,678 ha to 3,731 ha (increase of 53 ha).
- The number of priority species listed in the District has very slightly decreased from 136 to 133.
- 99% of the SSSI units are in Favourable or Unfavourable recovering conditions, which is 1% higher than last year.

3.0 Cherwell Planning Policy Documents

- 3.1 The existing statutory Development Plan comprises the adopted Cherwell Local Plan 2011-2031 Part 1 (July 2015 incorporating Policy Bicester 13 re-adopted December 2016), the saved policies of the adopted Cherwell Local Plan 1996, the made (adopted) Hook Norton, Bloxham and Adderbury Neighbourhood Development Plans. The Development Plan also includes the saved policies of the Oxfordshire Minerals and Waste Local Plan 1996, the production of which is a County Council function. A new Minerals and Waste Core Strategy Part 1 was adopted on 12 September 2017.
- 3.2 The Cherwell Local Plan 1996 was adopted in November 1996 and its relevant policies were saved from 27 September 2007.
- 3.3 The Cherwell Local Plan 2011-2031 Part 1, containing strategic development sites and policies, was adopted on 20 July 2015. Many of the saved policies of the adopted Cherwell Local Plan 1996 were replaced. The remaining policies will be replaced in due course. A list of replaced and retained saved policies is available in Appendix 7 of the adopted Local Plan 2011-2031.
- 3.4 On 19 October 2015, Cherwell District Council 'made' the Hook Norton Neighbourhood. It forms part of the statutory development plan and is used in the determination of planning applications in Hook Norton Parish.
- 3.5 On 19 December 2016, the Bloxham Neighbourhood Plan was formally 'made'. It forms part of the statutory development plan and is used in the determination of planning applications in Bloxham Parish.
- 3.6 As a result of a referendum in favour of the Adderbury Neighbourhood Plan held on 21 June 2018, the Adderbury Neighbourhood Plan became part of the statutory development plan. On 16 July 2018, the Council formally 'made' the Neighbourhood Plan.

Local Development Scheme Progress

- 3.7 The Local Development Scheme (LDS) is a rolling business plan for the preparation of key planning policy documents that will be relevant to future planning decisions. The LDS that this AMR reports on was published in November 2017. It provided for:
 - **Partial Review of the Cherwell Local Plan 2011-2031 (Part 1)** – a supplemental planning strategy with strategic development sites in order for the district to contribute in meeting the identified unmet housing needs of Oxford City.
 - **Cherwell Local Plan 2011 – 2031 (Part 2): Development Management Policies and Sites** – containing detailed planning policies for considering planning applications and non-strategic site allocations.

- **Supplementary Planning Documents (SPDs)** which expand upon and provide further detail to policies in Development Plan Documents. The following SPDs were highlighted:
 - North West Bicester SPD (adopted 22 February 2016)
 - Banbury Vision and Masterplan SPD (adopted 19 December 2016)
 - Kidlington Masterplan SPD (adopted 19 December 2016)
 - Developer Contributions SPD (adopted 26 February 2018)
 - Cherwell Residential Design Guide SPD (adopted 16 July 2018)
 - Bicester Masterplan SPD (under preparation)
 - Banbury Canalside SPD (under preparation)
 - Bolton Road Development Area, Banbury SPD (to be prepared)
 - Sustainable Buildings in Cherwell SPD (to be prepared)
- **Annual Monitoring Reports (AMRs)** – produced each year to monitor progress in producing Local Development Documents and implementation of policies;
- **Statement of Community Involvement (SCI)** – sets out how communities and stakeholders can expect to be engaged in the preparation of planning documents and in the consideration of planning applications. The SCI was reviewed in 2016 and formally adopted on 18 July 2016.

Partial Review of the Cherwell Local Plan 2011-2031 (Part 1)

- 3.8 In paragraph B.95 of the adopted Local Plan Part 1 the Council recognises that Oxford may not be able to accommodate the whole of its new housing requirement (as identified in the 2014 Oxfordshire Strategic Housing Market Assessment) within its administrative boundary.
- 3.9 The Council committed to working jointly and proactively with the Oxfordshire local authorities through the Oxfordshire Growth Board to assess all reasonable options as to how and where the unmet need might best be accommodated within the Oxfordshire Housing Market Area.
- 3.10 On 19 November 2015 the Oxfordshire Growth Board agreed a total working figure for Oxford's unmet need of 15,000 homes. A decision of the Growth Board on 26 September 2016 apportioned Oxford's unmet housing need across the individual district councils. Cherwell has been asked to provide 4,400 homes in addition to what is allocated in the adopted Cherwell Local Plan Part 1 2011-2031 (22,840 homes) to help meet Oxford's unmet need.
- 3.11 Extensive joint work and cooperation between all of the Oxfordshire Councils occurred over the course of 2015 and 2016. For about an 18 month period, this included generally fortnightly meetings as an evidence base was produced to examine the level of Oxford's unmet housing need and in the interest of determining an apportionment of that need. This included a Green Belt Study, a Transport Assessment and an assessment

of spatial options. The work was coordinated by the Oxfordshire Growth Board's 'Post-SHMA' working group reporting to an Executive Officer Group which in turn reported to the Board. Information about the Oxfordshire Growth Board is available at <https://www.oxfordshire.gov.uk/cms/content/oxfordshire-growth-board>.

- 3.12 The Partial Review process will be the means by which Cherwell makes its contribution to meeting the identified unmet need from Oxford City. The adopted Local Development Scheme (LDS) in November 2017 set out the expected programme. An Issues consultation was undertaken between January 2016 and March 2016 accompanied by a 'call for sites'. An Options consultation was held between November 2016 and January 2017, with the Proposed Submission document published for consultation between July and October 2017. The Partial Review was submitted to Secretary of State for Housing, Communities and Local Government for formal examination on 5 March 2018.
- 3.13 The examination is on-going. A Preliminary Hearing was taken place on 28 September 2018. On 29 October 2018 the Local Plan Inspector advised that he was '...content that the Examination can proceed to Main Hearings...'. Dates for these are awaited.

Cherwell Local Plan 2011 – 2031 (Part 2)

- 3.14 The saved, non-strategic policies of adopted Local Plan 1996, including policies for development management and the allocation of smaller development sites, require review. There is also provision in the Local Plan Part 1 for additional detailed work to be undertaken within a Local Plan Part 2.
- 3.15 An Issues consultation was undertaken between January 2016 and March 2016 which was accompanied by a 'call for sites'. It was not possible to progress Local Plan Part 2 fully in accordance with the timetable set out in the LDS (November 2017) due to priority given to the Partial Review of the Local Plan Part 1.
- 3.16 The new LDS (December 2018) provides an updated programme.

Supplementary Planning Documents

- 3.17 A draft **Banbury Canalside Development Area SPD** was published for informal consultation between January 2018 and February 2018. Further consultation on the SPD was expected between April and May 2018 however this has been delayed. Consultation on the draft SPD is now expected in spring 2019.
- 3.18 Work on the **Bicester Masterplan** continues to be progressed alongside Bicester Garden Town and Healthy New Town projects.
- 3.19 Work on the **Bolton Road Development Area SPD** has been on hold as the Castle Quay 2 project for Banbury town centre has been progressed.
- 3.20 Preparation of the **Sustainable Buildings in Cherwell SPD** has been on hold.

- 3.21 The Developer Contributions SPD was adopted by the Council on 26 February 2018.
- 3.22 The Cherwell Residential Design Guide SPD was adopted by the Council on 16 July 2018.

Duty to Co-operate

- 3.23 Local Councils are expected to consider strategic issues relevant to their areas through a statutory 'Duty to Co-operate' established by the Localism Act (2011) and described in the National Planning Policy Framework (NPPF).
- 3.24 The Duty:
 - relates to sustainable development or use of land that would have a significant impact on at least two local planning areas or on a planning matter that falls within the remit of a County Council;
 - requires that councils set out planning policies to address such issues;
 - requires that councils and public bodies engage constructively, actively and on an on-going basis to develop strategic policies; and
 - requires councils to consider joint approaches to plan making.
- 3.25 Local Planning Authorities (LPAs) have to co-operate with other LPAs and other prescribed bodies when they undertake certain activities, including the preparation of development plan documents, activities that can reasonably be considered to prepare the way for such preparation, and activities that support such preparation so far as they relate to a strategic matter. This is to maximise the effectiveness with which those activities are undertaken.
- 3.26 A strategic matter is defined as: "*sustainable development or use of land that has or would have a significant impact on at least two planning areas, including (in particular) sustainable development or use of land for or in connection with infrastructure that is strategic and has or would have a significant impact on at least two planning areas.*"
- 3.27 LPAs must "*engage constructively, actively and on an on-going basis*" in respect of the activities that are subject to the duty.
- 3.28 The LPAs that border Cherwell District are:
 - Aylesbury Vale District Council
 - Buckinghamshire County Council
 - Northamptonshire County Council*
 - Oxford City Council
 - Oxfordshire County Council
 - South Northamptonshire Council*

- South Oxfordshire District Council
- Stratford-on-Avon District Council
- Vale of White Horse District Council
- Warwickshire County Council
- West Oxfordshire District Council

* *Daventry District Council, Northampton Borough Council, South Northamptonshire Council and Northamptonshire County Council have established the West Northamptonshire Joint Planning Unit to prepare joint development plan documents, including the Joint Core Strategy and other joint Supplementary Planning Documents.*

3.29 Other prescribed bodies relevant to Cherwell District are:

- The Environment Agency
- Historic Buildings and Monuments Commission for England (Historic England)
- Natural England
- The Civil Aviation Authority
- Homes England
- The NHS Oxfordshire*
- The Office of Rail Regulation
- The Highway Authority – Section 1 of the Highways Act 1980:
- Oxfordshire County Council (Highways)
- The Highways Agency (Highways England)
- Local Enterprise Partnerships:
 - The Oxfordshire Local Enterprise Partnership (OXLEP)
 - The South East Midlands Local Enterprise Partnership (SEMLEP)
- The Oxfordshire Local Nature Partnership

**The NHS has undergone extensive re-organisation. New areas of clusters have been established - Oxfordshire Primary Care Trust (PCT) clusters work with local Clinical Commissioning Groups (CCGs) to commission, or buy, a range of services such as hospital and dental services, optometry, pharmacy, mental health services, the Ambulance Service and community services such as district nurses and health visitors.*

3.30 The Council continues to engage on an on-going basis with prescribed and non-prescribed bodies to meet its statutory duties and ensure appropriate collaboration and consultation with partners and organisations such as Oxford City Council, Oxfordshire County Council, other adjacent local authorities and other specific consultees. This includes joint working through the Oxfordshire Growth Board, its working groups and the supporting Growth Board Oxfordshire Planning Policy Officers group (GROOP), and with both the Oxfordshire and South East Midlands Local Enterprise Partnerships (the LEPs).

4.0 Neighbourhood Planning

- 4.1 Neighbourhood Development Plans provide scope for local communities to develop their own planning policies. If they conform with strategic planning policies, are supported by the Local Planning Authority and successful at referendum, they are adopted as part of the statutory Development Plan and must be considered, where material, in the determination of applications for planning permission. Alternatively, Neighbourhood Development Orders can be prepared which grant planning permission for development that complies with the Order or Community Right to Build Orders can be produced to give permission for small-scale, site-specific developments by a community group.
- 4.2 Under Schedule 4B of the Town and Country Planning Act 1990 (as amended), Local planning authorities have a statutory duty to *“give such advice or assistance to parish councils and designated Neighbourhood Forums as in all the circumstances, they consider appropriate for the purpose of or in connection with facilitating the preparation of Neighbourhood Development Plans”*.
- 4.3 Eight Parish Councils and a multi-parish area in Cherwell have had their administrative areas designated as Neighbourhood Areas.

Neighbourhood Plan Area	Designated Date	Monitoring Year
Adderbury	03/06/2013	2013/14
Bloxham	03/06/2013	2013/14
Bodicote	04/01/2016	2015/16
Deddington	02/12/2013	2013/14
Hook Norton	03/06/2013	2013/14
Merton	02/12/2013	2013/14
Stratton Audley	03/06/2013	2013/14
Mid-Cherwell (multi-parish)	07/04/2015	2015/16
Weston on the Green	02/11/2015	2015/16

- 4.4 There were no neighbourhood area designations during 2017/18. To date there have been three made neighbourhood plans which are now part of the District's Development Plan and will be used in the determination of decisions on planning applications in those Parishes. They are Hook Norton, Bloxham and Adderbury Parishes. Other Parish Councils actively progressing Neighbourhood Plans are as follows:

Deddington

- 4.5 The Deddington Pre-Submission Neighbourhood Plan was consulted upon from 1 October to 19 November 2017 over a seven week period.
- 4.6 The Deddington Neighbourhood Plan has been submitted to the Council in October 2018 and consultation has commenced on 8 November 2018.

Mid-Cherwell

- 4.7 The Mid-Cherwell Neighbourhood Plan area which includes the parishes of Ardley with Fewcott, Kirtlington, Duns Tew, Lower Heyford, Middleton Stoney, Somerton, Steeple Aston, Middle Aston, North Aston, Fritwell and Upper Heyford was designated on 7 April 2015.
- 4.8 A consortium has been set up which consist of 11 Parish Councils together with Heyford Park Residents' Association and the owners and developer of Former RAF Upper Heyford – the Dorchester Group.
- 4.9 The Mid-Cherwell Pre-Submission Neighbourhood Plan was consulted from 7 August to 3 October 2017. A number of meetings between Cherwell District Council and the Neighbourhood Area Forum were held during 2016/17 to assist in preparing the Neighbourhood Plan.
- 4.10 The draft (Submission) Mid-Cherwell Neighbourhood Plan was submitted to Cherwell District Council on 16 March 2018. Consultation on the draft (Submission) Mid-Cherwell Neighbourhood Plan was held from 4 May to 19 June 2018. The Neighbourhood Plan is now being independently examined.

Weston on the Green

- 4.11 The Weston on the Green Pre-Submission Neighbourhood Plan was consulted from 15 May to 26 June 2017.
- 4.12 The Weston on the Green Neighbourhood Plan was submitted to the Council in October 2018.

5.0 Monitoring Results

- 5.1 This section sets out the monitoring results in detail using the specific indicators from the adopted Local Plan 2011-2031 (Part 1). It includes the three themes and Cherwell's places and is in subsequent order.

Theme One: Developing a Sustainable Local Economy

Policy	Indicator	Target	Progress
SLE 1 Employment Development	Employment commitments and completions on allocated employment land per sub area (Banbury, Bicester, Kidlington, Rural Areas)	100% take up of allocations by the end of the plan period	At 31 March 2018 the total remaining allocated employment land available in Cherwell District (without completed development on it) was 78.22 ha. This figure also excludes planning permissions on this land. There is planning permission for 208.92 ha of land on Local Plan allocations. Development (completions) occupying 0.75 hectares of land has taken place on allocated sites during 2017/18.
SLE 1 Employment Development	Employment commitments and completions on non-allocated employment land per sub area (Banbury, Bicester, Kidlington, Rural Areas)	Yearly increase in employment use class commitments and completions	During 2017/18 951 sqm of employment floorspace was completed. At 31 March 2018 there was permission for 498,044 sqm of employment floorspace yet to be built.
SLE 1 Employment Development	Completions resulting in a loss of employment use to non-employment use per sub area (Banbury, Bicester, Kidlington, Rural Areas)	No overall net loss of employment land	During 2017/18, a total of 0.51 ha of employment land was lost to non-employment uses.

- 5.2 The strategic employment allocations (including mixed use sites for housing and employment) in the 2015 Local Plan, as well as development on non-allocated sites, are monitored in this section. Until the adoption of the next Local Plan, non-strategic

employment allocations from the Non-Statutory Local Plan 2011 and saved policies from the adopted 1996 Local Plan are also monitored. Employment (non-commercial) monitoring for 2017/18 was only carried out on sites where more than 200 sqm of employment floorspace is proposed.

Employment Completions

- 5.3 Table 5 shows the total employment floorspace completed during 2017/18 (net). The 'net' figures reflect the overall completion totals taking into account any losses which include redevelopments and changes of use away from commercial use.
- 5.4 In 2016/17, Cherwell saw a considerable gain of over 103,000 sqm of employment floorspace completed compared to the previous year where there was a gain of 67,471 sqm. Most of the employment completed was in B8 and Mixed B uses in Banbury. In 2017/18 there were fewer completions and gains in floor space were located mainly in the rural areas, including for example 10 new employment units at Wroxton. At Bicester a heritage centre and employment building were completed at Bicester airfield.

Employment Commitments

- 5.5 Employment commitments include sites which have been granted planning permission in the past and remain extant. The total number of employment commitments have increased compared to the last monitoring year. At 31 March 2018, there was outstanding employment floorspace to be implemented equating to 498,044 sqm. Bicester contributed to majority of the total commitments (75%) followed by Banbury with 15%, Kidlington with 8% and Rural Areas with 2%.
- 5.6 Banbury – There are commitments totalling 75,597.57 sq metres of employment floorspace, mainly for B8 uses (56,944 sqm). Land south of Overthorpe Road/ adjacent to the M40 remains the most significant commitment at Banbury, where construction continues.
- 5.7 Bicester – There are net gains across all the different B use classes in Bicester with a significant commitment of over 372,750 sqm of employment floorspace predominantly in B8 use class (168,453.5 sqm). Planning permission has been granted for employment development at North West Bicester (Local Plan site Bicester 1), land North East of Skimmingdish Lane (Local Plan site Bicester 11), where construction is underway, and at land adjacent to the Oxford Road (Local Plan site Bicester 10) for over 14,000 sq metres of B1 employment and a hotel.
- 5.8 Kidlington and Rural Areas – A range of smaller applications have been granted permission in the rural areas during the monitoring year including at Kidlington for B1 and B8 units at Langford Locks. The Former RAF Upper Heyford site (Villages 5) which is a strategic allocation for mixed use in the adopted Local Plan 2011-2031 proposes 1,075 new homes and over 120,000 sqm of mixed B use class. This site is currently under construction.

Table 7 – Remaining Local Plan Employment Allocations - 31/03/18 (ha)

Location	Remaining Allocated Area (ha)	Comments
Banbury	26.1	The majority of this remaining allocated land consists of the allocation at Employment Land North East of Junction 11 (Local Plan Policy Banbury 15) and at Employment Land West of M40 (Local Plan Policy Banbury 6).
Bicester	46.03	The majority of this remaining allocated land consists of a number of sites allocated such as Bicester Business Park (Local Plan Policy Bicester 4), Bicester Gateway (Local Plan Policy Bicester 10) and South East Bicester (Local Plan Policy Bicester 12).
Kidlington	0.10	Remaining Non-Statutory Local Plan allocation at Langford Locks. No allocations were made in the adopted Local Plan 2011-2031. A small scale review of the Green Belt at Kidlington for high value employment uses is provided for by the Local Plan.
Rural Areas	5.99	Remaining Non-Statutory Local Plan allocation at Banbury Business Park Phase 2 (Adderbury), Brymbo Ironworks (Hook Norton) and PA Turnerys (Weston on the Green). No allocations were made in the adopted Local Plan 2011-2031.
Total	78.22	

- 5.9 Table 7 shows the total remaining allocated land available in the District, which is 78.22 ha. This figure excludes planning permissions on Local Plan allocations. However sites ‘committed’ for development (i.e. with planning permission) are still ‘available’ since it is possible that the permission may expire unimplemented or may be superseded by another. The majority of the remaining allocated land available is from strategic sites in the adopted Local Plan 2011-2031. Planning permissions are shown in Table 8.
- 5.10 The employment trajectory in the Local Plan 2011-2031 shows how strategic sites will be delivered and the Council is working to bring forward strategic sites, for example at Graven Hill (Bicester 2) and North West Bicester (Bicester 1) where planning permissions have been granted. The Council will be exploring the potential of non-strategic sites for employment through the next Local Plan.

5.11 Table 8 shows the amount of land taken up with planning permissions at 31/03/18. A total of 228 ha has been permitted with over 90% being at strategic allocations. When considering planning permissions in Table 8, only new build employment development is shown, not changes of use between employment uses since this would result in no overall gain in employment land.

- 5.12 The total employment land available (permissions and remaining allocated land) on Local Plan allocations was 287.14 ha, of which a fair proportion had planning permission. This figure excludes allocated land where there are completions. A large proportion of this is located at Bicester where there are six strategic allocations for employment and mixed use development.
- 5.13 Once new sites are occupied this will generate business rates which the Council collects, with part of the amount retained to help pay for services that the Council provide. It is also collected on behalf of Oxfordshire County Council and Central Government.

- 5.17 During 2017/18, there was a total of 1,387 (net) housing completions within the District. This has increased from the previous year and is at a similar level to the highest recorded figure of 1,425 during 2015/16. The completions by area were Banbury - 44%, Bicester - 26% and the rural areas - 30%. Some of the larger completions across the district included Longford Park, Banbury (142 dwellings); Southam Road, Banbury (100 dwellings); North of Hanwell Fields, Banbury (106 dwellings); Kingsmere, Bicester (196 dwellings); and Heyford Park, Upper Heyford (103 dwellings). There was good progress made at other sites at Bicester and Banbury such as West of Bretch Hill, Banbury; East of Bloxham Road (South of Salt Way), Banbury; and the Eco-Town development at North West Bicester. A number of sites in the rural areas are progressing well such as Land North of Station Road, Bletchingdon; Land at Quarry Close, Bloxham; North of Milton Road, Bloxham; Land North of Gaveston Gardens, Deddington; and Land South of Blackwood Place and Molyneux Drive, Bodicote.

Site Delivery

5.18 Table 12 shows that housing delivery in the District has significantly improved since the adoption of the Local Plan with several strategic sites making good progress and are under construction. Examples are shown in Table 14.

Table 14 – Progress of strategic Sites

Site	No. of developers (Nov 2018)	Completions during 2017/18	Completions during 2016/17	Completions during 2015/16	Completions during 2014/15

5.19 Table 14 shows some of the strategic sites, recent build-out rates and the number of developers involved. The number of developers on site can change over time and at peak build-out 3-5 developers can be seen on larger strategic sites. At one point there were 5 developers on site at Kingsmere during 2015/16 before coming down to 4 developers from 2016/17. Once completions start on site a rate of approximately 50 dwellings per year per developer is considered to be a reasonable assumption for strategic sites as demonstrated by Table 14.

5.20 Smaller sites across the rural areas also play an important part with the high level of housing delivery. Many developers have achieved at least 50 homes a year with one developer achieving over 60 homes in one year (Bloor Homes at Springfield Farm, Ambrosden during 2015/16). Examples of sites include Cotefield Farm in Bodicote, Land North of Gaveston Gardens in Deddington, Land East of Deene Close in Adderbury, and Barford Road in Bloxham.

5.21 20% of the 1,387 housing completions were on previously developed land with the majority coming from the rural areas particularly at the Former RAF Upper Heyford/Heyford Park site.

- 5.22 At 31 March 2018, there were extant planning permissions for a total of 7,973 dwellings that had not yet been built. In Banbury, most of the commitments relate to strategic, greenfield sites such as Southam Road East, West of Warwick Road and West of Bretch Hill. At Bicester there were greenfield commitments at Kingsmere (South West Bicester), North West Bicester Eco-Town and previously developed sites with permission for 1,900 homes at the Graven Hill site and Land at Bessemer Close/Launton Road. There were 420 homes with permission at Former RAF Upper Heyford (brownfield site) which have yet to be built. Other extant planning permissions in the rural areas include 85 dwellings at Ambrosden; 70 dwellings at Bletchingdon; 73 at Bloxham; 109 dwellings at Bodicote; 54 dwellings at Hook Norton; and 54 dwellings at Kidlington.

Review of Housing Land Supply

- 5.23 The revised National Planning Policy Framework (NPPF2) was published on 24 July 2018 which requires local planning authorities to “...identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years’ worth of housing against their housing requirement set out in adopted strategic policies, or against their local housing need where the strategic policies are more than five years old. The supply of specific deliverable sites should in addition include a buffer (moved forward from later in the plan period) of: a) 5% to ensure choice and competition in the market for land; or b) 10% where the local planning authority wishes to demonstrate a five year supply of deliverable sites through an annual position statement or recently adopted plan, to account for any fluctuations in the market during that year; or c) 20% where there has been significant under delivery of housing over the previous three years, to improve the prospect of achieving the planned supply.” (para' 73).
- 5.24 The NPPF2 advises that “Where an allowance is to be made for windfall sites as part of anticipated supply, there should be compelling evidence that they will provide a reliable source of supply. Any allowance should be realistic having regard to the strategic

housing land availability assessment, historic windfall delivery rates and expected future trends.” (para’ 70).

- 5.25 A revised definition for deliverable sites was set out in the NPPF2 Glossary: “*Sites that are not major development, and sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years.... Sites with outline planning permission, permission in principle, allocated in the development plan or identified on a brownfield register should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.*”
- 5.26 Further guidance for assessing deliverability of sites is provided in the updated Planning Practice Guidance (PPG). It requires local planning authorities to provide clear evidence to demonstrate that housing completions will begin on particular sites within 5 years. Following the publication of NPPF2 and the updated PPG on 5 year land supply, the Council has amended its approach when preparing this AMR to reflect the changes by:
- Asking developers, agents and landowners additional questions in relation to build-out rates when seeking for updates on individual sites in the Housing Delivery Monitor (Appendix 2). These questions included number of developers currently on site and/or expected on site, and build-out rates.
 - Amended the Housing Delivery Monitor (Appendix 2) to clearly distinguish between the planning status of sites, the results of consultation with developers/landowners, and the Council’s conclusion on scheme progress/future deliverability and delivery;
 - Reviewing its base assumptions for delivery rates for strategic sites;
 - Ensuring, in particular, that there is sufficient evidence to provide justification for delivery assumptions for sites without full planning permission.
- 5.27 A comprehensive review of housing land supply has been undertaken based on the following:
- i. A review of all land supply to identify all potential deliverable or developable sites (*note: sites included in the Council’s Housing and Economic Land and Availability Assessment 2018 are not included if they are not progressing in any way through the planning system*);
 - ii. A clear basedate for all verified planning permissions and completions – 31 March 2018
 - iii. A clear basedate for updating the progress on individual sites and reviewing deliverability and delivery assumptions – 7 November 2018.
 - iv. A formal request for information and a review of housing delivery assumptions was made to all promoters/developers for specifically identified sites. The results have been used to inform the Council’s assessment. This included:
 - a request for a review of existing delivery assumptions year by year
 - an invitation to submit new / alternative yearly projections
 - a request for information about the number of builders presently on site and the number of builders expected in future years
 - a request for observations on build-out rates.

- v. Consultation with Development Management officers and other Council services involved in the delivery of sites having regard to ‘lead-in’ times for securing planning permissions, reserved matter approvals and site preparation.
 - vi. The deliverability / developability of each individual site has been reviewed even if it has full planning permission. As no general assumption has been relied upon about permitted sites being deliverable, it has not been necessary to apply a ‘lapse’ rate to allow for the possible non-implementation of some permissions.
 - vii. An appropriate allowance for small site ‘windfalls’ (unidentified sites or less than 10 dwellings) has been provided for. This is based on the analysis within the Housing and Economic Land Availability Assessment 2018 (HELAA). This trend based analysis takes into account a ‘lapse’ rate for non-specific sites. The HELAA concluded a windfall allowance of 35 homes per year at Banbury, 10 homes per year at Bicester and 61 homes per year for elsewhere. These assumptions have been lowered for the second half of the plan period in the interest of caution.
 - viii. A peak delivery assumption of 50 dwellings per annum for each builder on strategic sites based on recent evidence (see Table 14 and para. 5.19) above, unless specific circumstances suggest otherwise.
 - ix. Regard to market signals having regard to developer/promoter feedback, 2018/19 site monitoring (provisional completions) for quarters 1 and 2 and contextual information provided by a market appraisal undertaken for the Housing and Economic Land Availability Assessment 2018 and viability work for plan-making.
 - x. Regard to the outcome of planning appeals where relevant to the assessment of housing land supply.
- 5.28 The results of the review of housing land supply are set out in the Housing Delivery Monitor at Appendix 2. The assessment of supply is based on meeting the housing requirement of the adopted Cherwell Local Plan 2011-2031 (July 2015) - 22,840 dwellings for the period 2011 to 2031. The Housing Delivery Monitor identifies the completed sites, deliverable sites, and the developable sites that are expected to meet that requirement.
- Deliverable sites are defined by the NPPF – “*To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within five years. Sites that are not major development, and sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (e.g. they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans). Sites with outline planning permission, permission in principle, allocated in the development plan or identified on a brownfield register should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.*”
 - Developable sites defined by the NPPF – “*To be considered developable, sites should be in a suitable location for housing development with a reasonable*

prospect that they will be available and could be viably developed at the point envisaged."

Five Year Housing Land Supply

- 5.29 Table 16 provides the calculation of the current five year land supply based on the Housing Delivery Monitor at Appendix 2

Table 16 – Calculation of housing land supply from deliverable sites

j	Deliverable Supply over next 5 Years	8139	8308
k	Total years supply over next 5 years (j/i)	5.0 years	5.2 years
l	'Surplus' (j - h)	14	284

* projected completions of 1,238 for 2018/19 added to roll forward to 2019/2024

- 5.30 The housing land supply is essentially an assessment of how much housing can be expected to be delivered over the next five years measured against the housing requirement for those five years. This is based on the Local Plan requirement for the five year period having regard to any past shortfall or surplus in delivery. An additional 'buffer' is added to the five year housing requirement (see para. 5.23)
- 5.31 Only sites considered to be 'deliverable' are included in the calculation of the five year housing land supply.
- 5.32 Two five year periods are shown. The current assessment of supply is for the period 2018 to 2023. However, to ensure that a calculation is provided for the next five years

in full, a calculation is also shown for 2019 to 2024 which will be applied in decision making from 1 April 2019. There is no duplication or overlap in the figures as the calculations are produced at the same point in time having regard to the same assessment of supply. The only adjustment necessary to roll forward the five year period is to add the projected completions for 18/19 to overall completions for 2011-2019 and to consider the projected deliverable supply from 2019-2024 rather than 2018-2023.

- 5.33 Table 16 illustrates that the District can demonstrate a 5.0 year supply for the current period 2018-2023 and a 5.2 year supply for the next five year period (2019-2024) commencing on 1 April 2019. The calculations include a 5% buffer to both the base housing requirement and the shortfall and the making up of a delivery shortfall within five years. This AMR shows that a supply of 8,139 homes is expected from deliverable sites from 2018 to 2023 and a supply of 8,308 homes is expected for 2019-2024.

Housing Density

Policy	Indicator	Target	Progress
Policy BSC 2 The Effective and Efficient Use of Land	Net housing density of completions	As set out in Policy BSC 2	The housing density of large completed sites (10 or more dwellings) during 2017/18 is 26.3 dwellings per hectare (dph).

Table 17 - Housing density of large completed sites during 2017/18 (10 or more dwellings)

	2017/18
Total Site area (gross)	31.1
No. of dwellings on large sites	818
Housing Density	26.3

- 5.34 The indicator looks at net housing density of completions however for the purpose of this AMR the gross site areas were used therefore the housing density recorded is actually lower than what it should have achieved.
- 5.35 The housing density of large completed sites (10 or more dwellings) during 2017/18 is 26.3 dwellings per hectare (dph) which is slightly higher than the previous year (24.0) but below the target set out in Policy BSC 2. Out of the 19 large completed sites, 9 of them have exceeded the target of 30 dph. Examples of completed sites with higher housing densities are as follows: 46 West Bar Street, Banbury (189 dph); West of Bretch Hill, Banbury (88 dph); Farima Properties, Mercia House, Banbury (67 dph); and Kingsmere, South West Bicester (61 dph).

Affordable Housing

Policy	Indicator	Target	Progress
Policy BSC 3 Affordable Housing	Net affordable housing completions/acquisitions per tenure	As set out in Policy BSC 3	During 2017/18 there were 426 net affordable housing completions.
Policy BSC 3 Affordable Housing	No. of self-build completions	An annual increase in the number of self-build completions	There were 17 self-build completions in 2017/18.

Table 18 – Net Affordable Housing Completions

Year	Affordable housing completions (net)
2011/12	204
2012/13	113
2013/14	140
2014/15	191
2015/16	322
2016/17	278
2017/18	426
Totals	1674

- 5.36 There were 426 net affordable housing completions during 2017/18. This excludes 17 acquisitions (i.e. transfers from market housing stock). The number of affordable housing completions has considerably increased from the previous year which reflects the higher overall rate of housing delivery across the district. The level of affordable housing completion has continued to exceed the Council's affordable housing target of 190 dwellings per year.
- 5.37 From the 426 affordable housing completions there were 288 in affordable rented and 138 in shared ownership. There continues to be no delivery of social rented homes.
- 5.38 During 2017/18, there were 17 self-build affordable housing completions in the District which took place at the Graven Hill site (Bicester 2 allocation in the Local Plan). Graven Hill has planning permission for 1,900 self-build dwellings and will be the largest self-build development in the country. The site has made considerable progress during 2017/18 with several plots under construction.

Policy	Indicator	Target	Progress
Policy BSC 4 Housing Mix	Number of completed dwellings per number of bedrooms	As set out in Policy BSC 4	There were 1,411 (gross) completed dwellings during 2017/18 (1,387 net). This comprises the following: 145 x 1 bed, 365 x 2 bed, 408 x 3 bed, 366 x 4 bed, 92 x 5 bed and 35 unknown.
Policy BSC 4 Housing Mix	Number of 'extra care' completions	As set out in Policy BSC 4	There were no extra care completions during 2017-18.

* There were 35 housing completions where the numbers of bedrooms were unknown.

- 5.39 The table above shows a breakdown of the total completions by the number of bedrooms. The majority of the total gross completions of 1,411 dwellings were 3 bedrooms (29%) followed by 4 bedrooms (26%) and 2 bedrooms (26%). For market housing the largest proportion were 4 bedrooms, whilst for affordable housing these were mainly 2 bedrooms. In Banbury and the rural areas there were more 3 bedrooms provided, whilst in Bicester there was a higher number of 2 bedrooms provided.
- 5.40 There were no extra-care dwellings completed during 2017/18, however there is a development of 78 extra care apartments on Broughton Road, Banbury that is currently under construction and is expected to be completed by March 2019.

Area Renewal

Policy	Indicator	Target	Progress
Policy BSC 5 Area Renewal	Completed development per type in the 'area of renewal'	Improvements in levels of deprivation in the District	Progress will be recorded in The Brighter Futures in Banbury Programme Annual Report 2017/18.
Policy BSC 5 Area Renewal	The 'Brighter Futures in Banbury' performance Measures Package Reports	Positive trends across all the Programme's indicators	Progress will be recorded in The Brighter Futures in Banbury Programme Annual Report 2017/18.

- 5.41 Brighter Futures in Banbury is a strong long term partnership programme delivering new opportunities, innovative projects and high quality focussed services in Ruscote, Neithrop and Grimsbury and Castle Wards.
- 5.42 The Brighter Futures in Banbury Programme Annual Report 2017/18 is currently being prepared and will be published on the Council's website once complete.

Travelling Communities

Policy	Indicator	Target	Progress
Policy BSC 6 Travelling Communities	Completed/Lost Gypsy & Traveller Plots/Travelling Showpeople Pitches, by location (location criteria as set out in Policy BSC 6)	Provision for new pitches to meet identified shortfall as set out in Policy BSC 6	There remains a need to meet policy requirements and to secure 5 year land supplies. A separate needs assessment was published in June 2017. Applications continue to be considered against the criteria in Policy BSC6.

- 5.43 The Government's overarching aim is to ensure fair and equal treatment for travellers, in a way that facilitates the traditional and nomadic way of life of travellers whilst respecting the interests of the settled community. Local Planning Authorities should:
- Make their own assessment of need for the purposes of planning

- Develop fair and effective strategies to meet need through the identification of land for sites
- Plan for sites over a reasonable timescale
- Ensure that their Local Plan includes fair, realistic and inclusive policies
- To have due regard to the protection of local amenity and local environment.

5.44 At 31 March 2018, the total supply of Gypsy and Traveller pitches was 52. There is currently no projected new supply of pitches from 2018/19, therefore there is a net loss of 18 pitches since 1 April 2012.

- 5.45 Policy BSC 6: Travelling Communities of the adopted Cherwell Local Plan 2011-2031 (Part 1) provides a sequential and criteria based approach for considering opportunities and planning applications. The Policy sets a requirement of 19 (net) additional pitches to meet the needs of Gypsies and Travellers from 2012 to 2031. It also requires 24 (net) additional plots for Travelling Showpeople from 2012 to 2031.
- 5.46 Tables 21 and 22 below show the remaining Local Plan requirement for Gypsy and Traveller sites and the latest projections for future supply.

- 5.47 There are currently planning applications for 3 pitches at Land West of M40, Kirtlington Road, Chesterton and 4 pitches at Summer Place, Blackthorn Road, Launton which are pending consideration. There is also a live planning appeal for 6 pitches at North East of HM Bullingdon Prison, Widnell Lane, Piddington.
- 5.48 There is a requirement for Local Planning Authorities, in producing their Local Plan, to identify and update annually, a supply of specific deliverable sites sufficient to provide 5 years' worth of sites against their locally set targets.
- 5.49 Table 22 provides the five year supply calculation on the basis of Local Plan requirements.

- 5.50 A Gypsy, Traveller and Travelling Showpeople Accommodation Assessment (GTAA) for Cherwell, Oxford, South Oxfordshire and Vale of White Horse Councils was published in June 2017 (<https://www.cherwell.gov.uk/info/112/evidence-base/340/local-plan-part-2---evidence-base>). It identifies a new objective assessment of need for each authority based on the definitions of Gypsies and Travellers and Travelling Showpeople for planning purposes (Annex 1 of the Government's Planning Policy for Traveller Sites (PPTS, 2015)). It identifies a need for 7 additional pitches for households for Cherwell by 2032 where it is known that they meet the planning definition.
- 5.51 The Assessment highlights that there are many households where it is 'unknown' whether or not the new planning definition of Gypsies and Travellers is met. Should further information arise, it states that the overall need could increase by up to 12 pitches. Additionally, a potential need for 8 pitches is highlighted due to the closure of a site (Smiths Caravan Park).
- 5.52 The Assessment advises that that for 'unknown' travellers 'it would not be appropriate when producing a robust assessment of need to make any firm assumptions about whether or not they meet the planning definition...' based on interviews that have taken place (para.7.28 of the study).
- 5.53 An alternative five year supply calculation is presented in Table 23 which does not include an allowance for 'unknown' need but which includes the potential need for 8

pitches arising from the Smiths site (a site that was previously included in the district's supply).

- 5.54 Tables 24 and 25 show the current supply position for plots for Travelling Showpeople. Table 26 shows the five year supply calculation based on Local Plan requirements. Table 27 provides an alternative five year supply calculation based on the Accommodation Assessment and a need for 12 plots from 2017-2032. The 'unknown' need for Travelling Showpeople (not included in the calculation) is only 1 plot. Although the identified need is lower than Local Plan requirements, there remains a five year land supply of zero years for both 2018-23 and 2019-24 as no new supply has yet been identified. Policy BSC6 provides a sequential and criteria based approach for considering opportunities and planning applications.

Theme Three: Ensuring Sustainable Development

Policy	Indicator	Target	Progress
Policy ESD 1 Mitigating and Adapting to Climate Change	Carbon emissions in the District per capita	Reductions over the plan period	No data is available at this time.
Policy ESD 1 Mitigating and Adapting to Climate Change	Permissions granted contrary to Environment Agency advice on Flood Risk grounds	No permissions granted contrary to EA advice on flood risk grounds	There were 3 permissions granted with unresolved objections from the Environment Agency. This applies to the same indicator under Policy ESD 6.
Policy ESD 1 Mitigating and Adapting to Climate Change	Access to services and facilities by public transport, walking and cycling	Improvement over the plan period, linked to Oxfordshire LAA target (National Indicator 175)	Refer to Policy SLE4.

5.55 There were 3 planning permissions granted (or allowed on appeal) between 1 April 2017 and 31 March 2018 to which the Environment Agency had initially objected on flood risk grounds.

Policy	Indicator	Target	Progress
Policy ESD 2 Energy Hierarchy	Number of Energy Statements submitted	As set out in Policy ESD2 i.e. required for all major applications	No data is available at this time.

Policy	Indicator	Target	Progress
Policy ESD 3 Sustainable Construction	% of new dwellings completed achieving water use below 110 litres/person/day	As set out in Policy ESD3	All new dwellings are required to meet the mandatory national standard set out in the Building Regulations of 125 litres/person/day. Policy ESD3 seeks a reduced level of water use in recognition of the

			district being in an area of water street. The reduced limit of 110 litres/person/day is not however currently monitored and requires further liaison with Development Management and water utility companies to identify how best to achieve this target.
Policy ESD 3 Sustainable Construction	Completed non residential development achieving BREEAM Very Good, BREEAM Excellent	As set out in Policy ESD3	All non-residential development is typically required by condition to be constructed to achieve at least a BREEAM 'Very Good' rating based on the relevant BREEAM standard for that building type applicable at the time of the decision. There is however currently no requirement for developers to provide evidence that the development has achieved the required BREEAM rating.

Policy	Indicator	Target	Progress
Policy ESD 4 Decentralised Energy Systems	Number of District Heating Feasibility Assessments submitted	As set out in Policy ESD4 i.e. required for all applications for 100 dwellings or more	No data is available at this time.
Policy ESD 4 Decentralised Energy Systems	Number of permitted District heating schemes in the District	Increase over the plan period	No district heating schemes were permitted during 2017/18.

Policy	Indicator	Target	Progress
Policy ESD 5 Renewable Energy	Permitted renewable energy capacity per type	Increase over the plan period	5 planning permissions were approved for renewable energy schemes.

Table 28 – Permitted renewable energy capacity per type

Type	No. of applications granted permission in 2017/18
Wind	0
Solar PV	1
Solar thermal	0
Ground source	0
Air source	2

Total	5

5.56 During 2017/18, 5 planning permissions were approved for renewable energy schemes, a continuing decrease from previous years (12 in 2015/16 and 6 in 2016/17). The renewable energy schemes approved were small-scale domestic installations. It should be noted that the majority of small scale energy schemes, especially solar PV schemes, benefit from permitted development rights and do not therefore require planning permission. It is not therefore possible to identify and record these installations.

Policy	Indicator	Target	Progress
Policy ESD 6 Sustainable Flood Risk Management	Permissions granted contrary to Environment Agency advice on flood risk grounds	No permissions granted contrary to EA advice on flood risk grounds	There were 3 permissions granted with unresolved objections from the Environment Agency. This applies to the same indicator under Policy ESD 6.
Policy ESD 6 Sustainable Flood Risk Management	Flood Risk Assessments received for development proposals within Flood Zones 2 & 3, within 1 ha of Flood Zone 1, or 9m of any watercourse	As set out in Policy ESD6 i.e. required for all proposals meeting the locational criteria	There were 180 planning applications for development proposals within Flood Zones 2 & 3, 9m of any watercourse or greater than 1ha in area and located within Flood Zone 1. Of these

			applications, 47 Flood Risk Assessments were received.
--	--	--	--

Development Location	Applications Received
Flood Zone 1 exceeding 1 ha in area	88
Flood Zones 2 or 3	33
Within 9m of any watercourse	59
Total	180

- 5.57 During 2017/18, there were 180 planning applications for development proposals within Flood Zones 2 and 3, 9m of any watercourse or greater than 1 ha in area and located within Flood Zone 1. Of these applications, 47 Flood Risk Assessments were received.

Note: This data contains duplicate entries where a development proposal is located in more than one development location. For example, if a development proposal is located in Flood Zone 2 and is also within 9m of a watercourse then it will be counted twice, once per development location.

Policy	Indicator	Target	Progress
Policy ESD 7 Sustainable Drainage Systems (SuDS)	Completed SuDS schemes in the District	Annual increase over the plan period	No data is available at this time.

Policy	Indicator	Target	Progress
Policy ESD 8 Water Resources	Number of permissions granted contrary to Environment Agency advice on water quality grounds	No permissions granted contrary to EA advice on water quality grounds	There have been no planning permissions granted contrary to an Environment Agency objection on water quality grounds.

- 5.58 There have been no planning permissions granted contrary to an Environment Agency objection on water quality grounds.

Policy	Indicator	Target	Progress
Policy ESD 9 Protection of the Oxford Meadows SAC	Number of permissions granted contrary to consultee (Environment Agency, BBOWT, CDC/OCC etc.) advice on water quality grounds within the SAC catchment	No permissions granted contrary to consultee (EA, BBOWT, CDC/OCC etc.) advice on water quality grounds within the SAC catchment	There were no planning permissions granted within 1000m of the Oxford Meadows SAC contrary to consultee advice.

5.59 There were no planning permissions granted within 1000m of the Oxford Meadows SAC contrary to consultee advice. However, it has not been possible to define the exact SAC catchment area which could exceed the buffer used. The Council has therefore sought advice from the Environment Agency on best practice for monitoring this indicator in the future.

Policy	Indicator	Target	Progress
Policy ESD 10 Protection and Enhancement of Biodiversity and the Natural Environment	Total LWS/LGS area	A net gain in total areas of biodiversity importance in the District	There has been no change to the area of Local Wildlife Sites in Cherwell. The area of Local Geological Sites in Cherwell has remained unchanged at 146 ha.
Policy ESD 10 Protection and Enhancement of Biodiversity and the Natural Environment	Changes in priority habitats by number & type	An annual increase over the plan period	The area of priority habitats has increased from 3,678 ha (2017) to 3,731 ha (2018), an increase of 53 ha.
Policy ESD 10 Protection and Enhancement of Biodiversity and the Natural	Changes in priority species by number & type	A net gain in priority species by number and type	The number of priority species listed in Cherwell has decreased from 136 (2007-2017) to 133 (2008-2018).

- 5.62 Table 31 provides details of the 41 UK priority habitats which have been identified within Cherwell. The changes largely represent an improved understanding of the habitat resource in Cherwell rather than the creation or loss of habitat. The changes are largely due to new aerial photographs allowing better interpretation and up-to-date survey information.

- 5.65 This indicator uses an established list of 19 species, identifiable as farmland birds, compiled by the RSPB. Survey data were generated by the British Trust for Ornithology (BTO), survey volunteers and compiled by BTO officers from the BTO/JNCC/RSPB Breeding Bird Surveys, in specific 1km by 1km squares and then used to determine a farmland bird index. These records were then made available to TVERC for processing at a district-specific level, using the methodology established by RSPB Central England Office staff.
- 5.66 To establish a timeframe from which any kind of meaningful trend can be identified, a shifting baseline has been used and changes in bird populations in subsequent years (over a 10 year window) are then stated relative to that baseline year. This latest assessment of the farmland bird index trend uses a baseline of 2008.
- 5.67 The reliability of the species records is dependent on the number of 1km squares which have been surveyed in a season. This varies from year to year. As a consequence, the reliability of the resulting farmland bird figures is open to debate. However the approach was used in the national State of Nature report and is therefore considered robust by TVERC.
- 5.68 There was a decline in the index compared with 2016 despite survey effort being the same as last year. Most species have shown declines in population density compared to last year, but the index remains higher than the baseline in year.

Table 35 – Distribution and Status of Water Voles

Year	Number of sections surveyed along the Oxford Canal (per 500m stretch)	Number of surveys in Cherwell	Number of sites with positive signs
2017	17 (5 positive)	10	2 (20%)

- 5.69 In 2017, seventeen sites along the Oxford Canal were surveyed including ten surveys within Cherwell. Two of the ten Cherwell sites surveyed showed signs of water vole activity. This indicates that the water vole population remains small and vulnerable.

5.78 There has been a net loss of -1152.9 sqm of town centre uses outside the Kidlington centre with the majority being within B1a. This was due to office buildings being converted into housing.

Other Indicators – Policy Villages 1 Village Categorisation

Policy	Indicator	Target	Progress
Policy Villages 1 Village Categorisation	Completed development per village category and size of scheme (number of dwellings)	As set out in policy Villages 1	Progress is recorded in the Housing Delivery Monitor in Appendix 2.

Other Indicators – Policy Villages 2 Distributing Growth Across the Rural Areas

Policy	Indicator	Target	Progress
Policy Villages 2 Distributing Growth Across the Rural Areas	Land allocations made in the rural areas	As set out in policy Villages 2 and to be set out in the Local Plan Part 2.	No non-strategic allocations at this time. There are no land allocations in the three 'made' Neighbourhood Plans over and above existing planning permissions.
Policy Villages 2 Distributing Growth Across the Rural Areas	Completions on allocated sites in rural areas	100% take up of allocations over the plan period	There are presently no new non-strategic allocations.
Policy Villages 2 Distributing Growth Across the Rural Areas	Completions on non-allocated sites in rural areas	As set out in the criteria in policy Villages 1 and 2	There were 65 completions at Category A villages during 2017/18 that contributes to Policy Villages 2. See Housing Delivery Monitor in Appendix 2.

- 5.79 Policy Villages 2 of the adopted Local Plan 2011-2031 provides for an additional 750 dwellings at Category A villages (2014-2031) in addition to the rural allowance for small site 'windfalls' and planning permissions as at 31 March 2014. Therefore new planning permissions given at the Category A villages from 1 April 2014 and completions on those sites will contribute to the requirement of 750 dwellings. Category A villages are identified as the more sustainable villages in the district under Policy Villages 1.
- 5.80 During 2017/18 there were 65 dwellings completed at Category A villages that contribute to the Policy Villages 2 requirement of 750 dwellings. Since 1 April 2014 a total of 746 dwellings have been identified for meeting the Policy Villages 2 requirement of 750 dwellings. These are sites with either planning permission or a resolution to approve, and identified developable sites. These are included in the Housing Delivery

Monitor in Appendix 2. Between 1 April 2014 and 31 March 2018 there were a total of 168 net housing completions on the above sites. This equates to 22.4% of the total requirement of 750 dwellings. At 31 March 2018 there are 4 dwellings remaining from the Policy Villages 2 requirement.

- 5.81 The adopted Local Plan 2011-2031 does not allocate sites in the rural areas as only strategic sites were allocated in the Plan. However, there is one strategic allocation in the rural areas which is the Former RAF Upper Heyford that was included in the adopted Local Plan 2011-2031. The completion figure below excludes any completions that took place at this strategic allocation.

Policy Villages 4 Meeting the Need for Open Space, Sport & Recreation	Open space/sport/recreation facilities created in the rural areas	As set out in policy Villages 4, BSC11, BSC12 and the Infrastructure Delivery Plan	Open space, sport and recreation assessments, including a Playing Pitch Strategy are being undertaken which will provide updated baseline information when completed. Progress has been made with the 2018 District Sports Study Playing Pitch Strategy considered at Executive in November. The findings will be used to inform the Cherwell Sports & Leisure Strategy. This is expected in early 2019. This indicator will be reported in the 2019 AMR.

SA/SEA Adoption Statement – Cherwell Local Plan 2011-2031 Part 1 (July 2015)

SA Objectives and Suggested Indicators

5.83 The SA/SEA Adoption Statement (July 2015) sets out the monitoring indicators for monitoring the effects of the Cherwell Local Plan 2011-2031 Part 1 on the SA objectives. Majority of the suggested indicators have already been included in the Monitoring Framework of the adopted Local Plan Part 1 however there were three that were not included which were in relation to SA Objectives 5 (crime) and 14 (waste). These suggested indicators will be reported as part of the AMR.

SA Objective	Suggested Indicator	Progress
5. To reduce crime and disorder and the fear of crime	Crime levels in Cherwell District	During 2017/18 there were a total of 11,333 recorded crimes in the district.
14. To reduce waste	% of household	Information is not available for 2017/18. An update

generation and disposal, and achieve the sustainable management of waste	waste sent for re-use, recycling and compost	will be provided in the next AMR.
14. To reduce waste generation and disposal, and achieve the sustainable management of waste	% of construction and demolition waste re-used	Oxfordshire County Council is responsible for minerals and waste. Progress will be recorded on the County's website. https://www.oxfordshire.gov.uk/cms/content/new-minerals-and-waste-local-plan

5.84 During 2017/18 there were a total of 11,333 recorded crimes in the district which is an increase of 276 from the previous year (11,057). Similar to the previous year the majority of crimes recorded were in violent (19.7%) and anti-social behaviour (17.9%) followed by shoplifting (12.7%) and criminal damage and arson (11.6%).

6.0 Monitoring progress of infrastructure provision

- 6.1 Infrastructure is an essential part of sustainable development supporting increased housing provision and economic growth, mitigating against climate change and facilitating improved quality of life within communities.
- 6.2 The Infrastructure Delivery Plan (IDP) contains the infrastructure required to support the adopted Cherwell Local Plan 2011-2031 Part 1 (July 2015) and it is set out in Appendix 8 of the Plan.
- 6.3 The IDP is a live document adjusted over time to reflect changes in circumstances and strategies alongside the annual monitoring of Local Plan infrastructure Policy INF1.
- 6.4 This AMR update includes summary tables of infrastructure progress. IDP Update December 2018 can be viewed at www.cherwell.gov.uk/monitoring.
- 6.5 Appendix 6 of this AMR shows progress on infrastructure delivery including new projects, known to CDC Officers at November 2018. The tables also indicate pipeline projects, those known to be at early project development stage. These pipeline projects could potentially be included in next IDP updates subject to their progression as part of infrastructure providers' plans and programmes.
- 6.6 IDP Update December 2018 includes adjusted phasing periods to reflect project updates as the plan period progresses and projects are completed: Short term: 2017-2020, Medium term: 2020-2025 and Long term 2025-2031.
- 6.7 More detailed information on infrastructure provision will arise through the progression of new Local Plans and Neighbourhood Plans. This includes the Local Plan Part 1 Partial Review concerning Oxford's unmet housing need which is currently under examination.

7.0 Future Monitoring

- 7.1 The Local Plan 2011-2031 Part 1 was adopted in July 2015 which means that this is the second AMR to cover the full monitoring year. There are still a number of indicators from the Monitoring Framework within the Plan that cannot be monitored but which will be reported upon next year.
- 7.2 Monitoring is important to ensuring the successful delivery and implementation of the Cherwell Local Plan 2011-2031 and in preparing future evidence and policy documents. Monitoring highlights good and poor performance, where action might be necessary and ultimately where policies might need to be reviewed.
- 7.3 The AMR process is important in assessing whether:
- Policy targets have been met, or progress is being made towards meeting them
 - Policy targets are not being met, or are not on track to being achieved, and the reasons for this
 - Policies are having an impact in respect of national and local policy targets, and any other targets identified in local development documents
 - Policies need adjusting or replacing because they are not working as intended
 - Policies need changing to reflect changes in national policy or strategic needs
 - Appropriate infrastructure is being delivered to support growth.
- 7.4 The Local Plan Monitoring Framework is closely linked to the monitoring framework developed for the Local Plan Sustainability Appraisal, which sets out the monitoring indicators for monitoring the effects of the Cherwell Local Plan 2011-2031 Part 1 on the SA objectives.

3 West Bar Street	0.14	-	Full - 16/00037/F - Conversion and change of use of existing offices to create 12 no. new apartments was approved on 2 December 2016.	Agents (JPPC) advised (September 2018) that the site has not yet started but the intention to implement the scheme still remains.	This is a small brownfield site in a very sustainable location. As the site has not yet started the expected delivery is pushed back a year.	12	0	0	12	0	0	0	0	0	0	0	0	0	0	0	12	
60-62 Broad Street, Banbury	0.06	-	Full - Planning application for alterations to building and change of use to form retail units at ground floor level and 12 No self contained flats over (16/02529/F) was approved on 24 April 2017.	Housebuilder (Mentor Developments) advised (October 2018) that initial preparation work has commenced on site and most of the planning conditions have been discharged. A minor amendment to planning is needed in relation to build materials and is currently going through the planning process. Development is expected to start in December 2018 with a 9 month build programme therefore the site is expected to be completed in autumn 2019.	This is a small brownfield site in a very sustainable location. Development Management have been discharging conditions and ensuring planning is processed quickly.	12	0	0	12	0	0	0	0	0	0	0	0	0	0	0	12	
Admiral Holland, Woodgreen Avenue	0.4	-	Full - Permission for the demolition of the public house was issued on 23 December 2016 and has already taken place. A planning application for 14 dwellings (18/01591/CDC) was received on 4 September 2018 and is expected to go to Planning Committee in November 2018.	This is a council owned site. CDC Housing confirmed (September 2018) that the development is expected to be completed by March 2020. The application is expected to go to Planning Committee in November 2018. 14 completions expected in 2019/20.	The public house was closed in December 2015 and the site was purchased by the Council. The public house has already been demolished.	0	0	0	14	0	0	0	0	0	0	0	0	0	0	0	14	
Bankside Phase 1 (Longford Park)	75.1	-	Full/Reserved Matters - Permission granted on 30 September 2009 for 1070 homes (05/01337/OUT). Separate (but linked) permission for another 22 dwellings (net) (12/00290/F) which was approved on 11 December 2012. A number of Reserved Matters have been approved. Total number of homes - 1090 dwellings.	Housebuilders Taylor Wimpey, Barratts and Bovis are developing the site. The three housebuilders have provided (September/October 2018) combined expected delivery rates of 76 in 2018/19, 177 in 2019/20, 62 in 2020/21. Bovis Homes are unable to provide expected delivery rates post 2019/20.	Permitted urban extension for up to 1070 homes. The site is very advanced with over 60% of the homes already built, including a new primary school was opened in September 2018, a new sports pavilion built and spine road opened.	388	702	75	150	100	63	0	0	0	0	0	0	0	0	0	0	1090
Canalside - Crown House and caravan site (Station Road)	1.22 (part of 26)	Local Plan allocation (2015) - Banbury 1	Full/Outline - There are multiple planning permissions on a small area of the site (Crown House). The most relevant permissions are 17/00243/F - change of use of existing office building into 37 apartments (30/03/2017), 17/00288/F - extension to create 10 apartments (22/5/2017), 17/00658/F - change of use of existing building to create coffee shop (A3) and 4 dwellings (19/6/17). A separate application for 63 dwellings (18/00293/OUT) was approved on 25 October 2018 subject to legal agreement.	The Crown House site is owned by Cherwell District Council and is currently under construction. The expected delivery rate for the caravan site allows sufficient lead-in time for legal agreement to be entered into and commencing on site.	Part of a strategic allocation in the adopted Local Plan 2011-2031 for 700 dwellings (Banbury 1). The completed Banbury Flood Alleviation Scheme (FAS) helps delivery of the site. New masterplan work and detailed viability work ongoing. A Supplementary Planning Document is being prepared and will be out for consultation in spring 2019. The remaining Canalside allocation is included as a developable site. HELAA (2018) site HELAA258.	51	0	0	51	63	0	0	0	0	0	0	0	0	0	0	114	
Drayton Lodge Farm	15	Local Plan allocation (2015) - Banbury 18	Outline - Outline application for up to 320 dwellings including affordable housing, together with a local centre of 0.5ha (providing retail and community facilities) was received on 30 October 2018.	Agents (Savills) advised (October 2018) that there have been pre-app discussions with the Council and that a planning application is expected to be submitted by end of 2018. There will be 1 or 2 developers on site. Expected delivery rates confirmed through consultation.	An outline planning application has been submitted. Land Adjoining And West Of Warwick Road	12.14	-	Reserved Matters - Outline application 13/00656/OUT for up to 300 dwellings with access from Warwick Road together with associated open space, allotments and a 500 sq m retail store was allowed on appeal on 3 March 2014. Reserved Matters application 15/00277/REM was approved on 7 March 2017. A separate Reserved Matters application 16/02428/REM for 148 dwellings was approved on 29 June 2018. This is part of the overall 300 dwellings.	Housebuilder (Taylor Wimpey) advised (October 2018) that they will be delivering 148 homes and provided expected delivery rates for only the Taylor Wimpey parcel as follows: 11 in 2018/19, 28 in 2019/20, 51 in 2020/21, 50 in 2021/22 and 8 in 2022/23. Confirmed that there are 2 developers on site. Miller Homes was contacted but no update was received.	The site is being developed by 2 developers (Taylor Wimpey and Miller Homes) and is now under construction. The expected delivery rates have been updated based on information from Taylor Wimpey who are already on site and ahead of Miller Homes.	300	0	20	50	100	100	30	0	0	0	0	0	0	0	0	0	300
Land at Higham Way	3.1	Local Plan allocation (2015) - Banbury 19	Outline - Planning application 16/00472/OUT for approximately 200 dwellings was received in March 2016 and is pending consideration.	Agents (JSA Architects) advised (September 2018) that the site is expected to start in July 2019 subject to planning. The likely number of housebuilders on site is unknown at present. Expected delivery rates to be 25 in 2019/20, 125 in 2020/21 and 50 in 2021/22. The higher build rate during 2020/21 is a result of having mainly flats being completed.	A strategic allocation in the adopted Local Plan 2011-2031 for 150 dwellings. This is not an extensive site and in the interest of caution the site should remain with 150 dwellings as per Local Plan allocation. The expected delivery rates should remain unchanged but will be kept under review to consider the planning application.	0	0	0	25	100	25	0	0	0	0	0	0	0	0	0	150	
Land East of Southam Road	25.61	Local Plan allocation (2015) - Banbury 2	Reserved Matters - Planning application for 510 homes (13/00159/OUT) was approved on 18 December 2013. A Reserved Matters application (14/02140/REM) for the first 98 homes was approved on 17 July 2015. Reserved Matters (15/00961/REM) for 412 dwellings (phase 2) was approved on 23 October 2015.	Housebuilder (Bellway Homes) advised (September 2018) that Ashberry Homes will be delivering 120 homes of the 510 homes approved. Expected delivery rates provided for Bellway's parcel to be: 71 in 2018/19, 46 in 2019/20, 74 in 2020/21, 51 in 2021/22 and 12 in 2022/23.	One part of a strategic allocation in the adopted Local Plan 2011-2031 (Banbury 2). There are 2 developers on site (Bellway Homes and Ashberry Homes). The 2017 AMR identified 100 completions will be expected during 2018/19. The Council's monitoring for quarters 1-2 (18/19) suggests that this is likely to be achieved.	305	205	100	50	74	51	30	0	0	0	0	0	0	0	0	0	510

Land West of Southam Road	17.62 (gross)	Local Plan allocation (2015) - Banbury 2	Outline - Planning application for 90 homes (13/00158/OUT) was approved on 18 December 2013. A Reserved Matters application (15/01026/REM) for the layout of a spine road was approved on 3 September 2015. A new planning application for 90 dwellings (18/00273/OUT) was approved on 21 June 2018 subject to legal agreement. This supersedes the previous Outline consent.	Sanctuary Housing advised (October 2018) that a Reserved Matters application is currently being prepared and is expected to be submitted by end of 2018 subject to permission being issued for the outline application. Expect to start on site from April 2019. It is very unlikely that 10 dwellings will be completed by March 2019. Expected delivery rates to be: 20 in 2019/20 and between 30-40 in years 2020/21 and 2021/22.	The site is to be developed by Sanctuary Housing who are already in discussions with the Council.	90	0	0	20	35	35	0	0	0	0	0	0	0	0	0	90
Neithrop House, 39 Warwick Road	0.08	-	Full - 05/01431/F. 14 dwellings in total, 7 already provided.	The owner of the site advised (September 2018) that work has commenced and the development is expected to be completed by April 2019.	Conversion of building to 7 dwellings completed before 2011. North of Hanwell Fields	18.75	Local Plan allocation (2015) - Banbury 5	Full/Reserved Matters - Planning application for 350 homes (12/01789/OUT) was submitted by Persimmon Homes and was approved on 2 September 2014. First Reserved Matters application (15/00462/REM) for 118 dwellings was approved on 13 November 2015. Planning application (14/00066/OUT) for an additional 160 dwellings was approved on 2 April 2015. Reserved Matters (15/01115/REM) for 160 dwellings from Davidsons Developments was approved on 17 December 2015. Reserved Matters application (15/01589/REM) for Phase 2 for 232 dwellings was received on 26 August 2015 and is expected to receive planning permission by end of 2018. Application 16/01210/F for erection of 20 no. dwellings was approved on 15 March 2017 (partly supersedes the 118 dwellings). A separate outline application for 55 dwellings (18/01206/OUT) is pending consideration. This is on part of the remaining area as identified in the 2018 HELAA (Site HELAA173). The 2 Council applications for 11 dwellings (16/01484/CDC and 16/01485/CDC) were completed in September 2017.	Persimmon Homes advised (September 2018) that their current build-out rate is 55 dwellings per year and provided updated delivery rates. Expected delivery rates to be: 55 in years 2018/19 2021/22, 45 in 2022/23. Phase 1 will be completed in 2018/19 and phase 2 in 2022/23. Davidson Homes was contacted but no update was received.	A strategic allocation in the adopted Local Plan 2011-2031 (Banbury 5). Two housebuilders are currently on site: Persimmon Homes (370 dwellings) and Davidson Homes (160 dwellings). The site is currently under construction. The 2017 AMR identified 100 completions will be expected during 2018/19. The Council's monitoring for quarters 1-2 (18/19) suggests that this is likely to be achieved.	362	163	100	80	55	55	50	41	0	0	0	0	0	0	0	544
Oxford & Cherwell Valley College, Broughton Road	0.81	-	Full - Application (15/01024/F) for demolition of existing buildings and change of use from D1 non residential to C3 dwelling houses comprising 78 no 1 bedroom and 2 bedroom extra care residential apartments with associated ancillary accommodation. Approved on 18 February 2016.	The agent was contacted but no update was received.	The site is currently under construction by Bromford and is expected to be completed in 2018/19. South of Salt Way - East	68	Local Plan allocation (2015) - Banbury 17	Outline/Reserved Matters - Planning permission (12/00080/OUT) given for 145 dwellings on part of the site (on appeal) on 23 September 2013. Reserved Matters application (14/01225/REM) was approved on 28 November 2014. Planning application for 280 dwellings (15/01326/OUT) was allowed on appeal on 20 December 2017. Planning application for 1,000 homes (14/01932/OUT) is pending.	Gladman (280 dwellings) advised (October 2018) that the site is in the process of being purchased by a housebuilder who will be responsible for submitting a Reserved Matters application. Suggested a longer lead-in time due to the spine road needed. Advised a build-out rate of up to 50 homes a year on their site only. Agents for Gallagher Estates (David Lock Associates) (1000 dwellings) provided (October 2018) revised expected delivery rates for only the Gallagher's site. Expect first completions during 2020/21 and site to be completed by 2031. Delivery rates assumes planning permission this year and that Reserved Matters applications can be submitted in parallel with a quick determination process in place. Expected delivery rates to be: 50 in 2020/21, 75 in 2021/22, 100 in years 2022/23 to 2029/30 and 75 in 2030/31.	A strategic allocation in the adopted Local Plan 2011-2031 (Banbury 17). Planning permission for 145 homes on part of the site (north-west corner) is under construction by Morris Homes and is expected to be completed during 2018/19. The Gladman's permission for 280 homes relates to the eastern part of the site. Planning permission is expected to be issued imminently for the Gallagher Estate's outline application for 1000 homes. This covers the remaining area of the site which is the majority of the strategic allocation. Expected delivery rates updated based on a peak of 3 developers, 50 homes per year per developer.	299	126	19	20	100	125	150	150	150	150	100	100	100	100	35	1425

56-60 Calthorpe Street	0.11				Permission for redevelopment of site for retail use on ground floor with 14 residential units on three upper floors expired on 2 July 2016. Site taken out of the 5 year housing land supply. This is a potential site if needed to address any identified shortfall in the Council's housing supply. The 2018 HELAA has considered the site to be developable (HELAA260). The site was at auction in December 2017 but any sale is unknown. The commercial units are still in operation. Site to be kept under review.	0	0	0	0	14	0	0	0	0	0	0	0	0	0	14	
Bankside Phase 2	21.5	Local Plan allocation (2015) - Banbury 4	Outline - Planning application for 700 dwellings (17/01408/OUT) was received on 30 June 2017 and is pending consideration.	Agents (Framptons) advised (September 2018) that there are delays in planning and that the expected delivery rates should be pushed back a year but did not dispute the build-out rates. Advised that there is likely to be 2 developers on site.	A strategic allocation (Banbury 4) in the adopted Local Plan 2011-2031 for 600 dwellings which will continue from Bankside Phase 1. 2 developers at a peak with 50 dwellings per year per developer.	0	0	0	0	0	50	100	100	100	100	100	50	0	0	0	600
Bolton Road	2	Local Plan allocation (2015) - Banbury 8			A strategic allocation in the adopted Local Plan 2011-2031 for mixed use development including 200 dwellings (Banbury 8). Includes site of a multi-storey car park which has already been demolished. However, development scheme awaited. HELAA (2018) site HELAA257.	0	0	0	0	75	75	50	0	0	0	0	0	0	0	0	200
Canalside - excluding Crown House and the caravan park (Station Road)	24.78 remaining	Local Plan allocation (2015) - Banbury 1			A strategic allocation in the adopted Local Plan 2011-2031 for 700 dwellings (Banbury 1). The completed Banbury Flood Alleviation Scheme (FAS) helps delivery of the site. New masterplan work and detailed viability work ongoing. A Supplementary Planning Document is being prepared and will be out for consultation in spring 2019. HELAA (2018) site HELAA258.	0	0	0	0	0	50	50	100	100	100	100	86	0	0	0	586
Land adjacent Bretch Hill Reservoir	2.5			A site to be Cherwell led. CDC Housing advised (September 2018) that there have been delays and that the expected delivery rates should be pushed back with 40 in 2020/21.	A site that was identified internally for potential housing in the near future. HELAA (2018) site HELAA259. 2018 HELAA concluded that the site is not suitable and has no housing potential. Update provided from the Council's Housing team indicate the site is suitable and could accommodate 40 dwellings on a smaller part of the site. In interest of caution delivery will be pushed back to 2021/22 to allow more lead-in time.	0	0	0	0	0	40	0	0	0	0	0	0	0	0	40	
Land at Banbury AAT Academy	2.03				The planning permission for 44 dwellings including the variation of condition expired on 24 April 2017. HELAA (2018) site HELAA278. Site taken out of the 5 year housing land supply. Due to the expiry of the planning permission the site has been changed to a developable site as there is no prospect of the site being brought forward at present time. The site should be kept under review.	0	0	0	0	10	34	0	0	0	0	0	0	0	0	0	44

Bicester - Deliverable (Available, Suitable and Achievable) Sites (10 or more dwellings) - Contributing to the '5 year land supply'																						
Gavray Drive	23	Local Plan allocation (2015) - Bicester 13	Outline - Application (15/00837/OUT) for 180 dwellings was refused on 22 June 2017 and was dismissed at appeal on 16 July 2018.	Agents (David Lock Associates) advised (September 2018) that a separate planning application is under consideration. Expected delivery rates to be pushed back a year and did not dispute the build-out rates.	A strategic allocation in the adopted Local Plan 2011-2031 for 300 dwellings (Bicester 13). The site is located in a sustainable location and close to Bicester town centre. Development could provide integration with the existing Langford Village development to the south and west. Appeal was dismissed due to the uncertainty whether the balance of 120 dwellings can be delivered on the eastern part of the site in a manner that would adequately protect and enhance locally significant ecological interest.	0	0	0	0	25	75	100	75	25	0	0	0	0	0	0	300

Graven Hill	207.23	Local Plan allocation (2015) - Bicester 2	Outline/LDO/Reserved Matters - Outline application (11/01494/OUT) granted on 8 August 2014 for redevelopment of former MOD sites including demolition of existing buildings, development of 1900 homes; local centre to include a 2 form entry primary school (class D1), a community hall of 660sqm, five local shops or facilities to include A1, A2, A3, A5 and D1 uses totalling up to 1358sqm, up to 1000sqm gross A1 uses, a pub/restaurant/hotel (class A4/A3/C1) up to 1000sqm and parking areas; employment floorspace comprising up to B1(a) 2160sqm, B1(b) 2400sqm, B1(c) and B2 20520sqm and B8 uses up to 66960sqm; creation of public open space and associated highway improvement works, sustainable urban drainage systems, biodiversity improvements, public transport improvements and services infrastructure. Local Development Order for 276 dwellings (17/02107/LDO) was adopted on 20 December 2017. A Reserved Matters application for demonstrator plots was approved on 19 December 2016.	Graven Hill Development Company provided (October 2018) expected delivery rates with high levels of completions in the first 5 years ranging from 165-343 homes followed by a couple of lower years (80s) before increasing again to 151 homes during 2025/26. Delivery slows down from 2026/27 (151 to 12 homes) with the site expected to be completed by 2029/30. This is based on existing trajectory of occupations, however this is currently being reviewed as part of the Masterplan update for phase 2 land.	A strategic allocation in the adopted Local Plan 2011-2031 for 2100 dwellings (Bicester 2). The site has been acquired by the Council and transferred to a Graven Hill Village Holding Company. The MoD is contractually obliged to transfer the land in two phases. Phase 1 - 2015 and Phase 2 - 2019. Lead housebuilder - Graven Hill Development Company Ltd. Graven Hill will be a large scale self-build housing development; the intention being to create the UK's first self-build community. Infrastructure is in place and the site is now under construction. The first 10 demonstrator plots are making good progress with 3 plots being completed to date and the remaining 7 plots under construction. A revised Local Development Order for 276 plots was approved in December 2017 which will help facilitate the delivery of initial self-build dwellings on the site. Several of these plots are now under construction. The remaining 200 homes will be provided on land at Langford Park. In interest of caution the expected delivery rates have been amended.	1871	29	100	200	200	200	200	200	175	150	130	130	100	86	2100		
Inside Out Interiors, 85-87 Churchill Road, Bicester	1.18	-	Outline - Outline planning application for conversion of existing building to provide 5 no. two bed house, 1 no. two bed flat and 1 no. one bed flat. New build to provide 1 no. commercial unit with outside space parking and cycle storage + 3 no. two bed flats (16/02461/OUT) was approved on 19 May 2017.	Agent was contacted but no update was received.	This is a brownfield site in a very sustainable location. The site is still in commercial use and a Reserved Matters application is needed therefore in interest of caution the 10 dwellings are not expected until 2020/21 which will allow a sufficient lead-in time.	10	0	0	10	0	0	0	0	0	0	0	0	0	0	0	10	
Kingsmere (South West Bicester) - Phase 1	82.7	Identified in the Non-Statutory Local Plan (2011)	Full/Reserved Matters - Outline planning permission for an urban extension (1631 homes - 06/00967/OUT (1585) & 11/01052/OUT (46). Application for 46 dwellings (14/01207/OUT) was approved on 17 July 2015 with the Reserved Matters (16/00192/REM) approved on 8 June 2016. Application (11/01840/F) for conversion of existing barns to form 7 no. dwellings and construction of 4 no. dwellings was approved on 15 July 2013 which was completed in September 2014 (2014/15). Planning application for an additional 100 homes (13/00433/OUT) was approved on 15 August 2016. Application for 9 dwellings above the local centre (17/01849/F) was approved on 9 January 2018. Reserved Matters approvals ongoing.	Countryside Properties on behalf of the 4 developers advised (November 2018) that there are currently 4 developers on site and that each developer is building 4 dwellings a month which equates to 16 dwellings a month when combined. Provided expected delivery rates based on information from 3 of the 4 developers: 210 in years 2018/19 and 2019/20 and 140 in 2020/21.	Countryside Properties joint venture. There are currently 4 housebuilders on site (Bovis Homes, Bellway Homes, Linden Homes and Persimmon Homes). The site is under construction and is very advanced with over half of the site already delivered. The 2017 AMR identified 200 completions will be expected during 2018/19. The Council's monitoring for quarters 1-2 (18/19) suggests that this is likely to be achieved.	623	1119	200	200	150	73	0	0	0	0	0	0	0	0	0	0	1742
Land at Bessemer Close / Launton Road	3.35	Identified for 70 dwellings in the Non-Statutory Local Plan (2011)	Reserved Matters - A planning application (15/02074/OUT) for demolition of existing industrial buildings and erection of 21 affordable dwellings and 49 open market dwellings was allowed on appeal on 3 May 2017. A Reserved Matters application (17/01253/REM) was approved on 25 August 2017.	Housebuilder (Vanderbilt Homes) advised (October 2018) that the expected delivery rates should remain unchanged. South West Bicester Phase 2	36.88	Local Plan allocation (2015) - Bicester 3	Outline/Reserved Matters - Application 13/00847/OUT for 709 dwellings was approved on 30 May 2017. A Reserved Matters application for 247 dwellings (18/00647/REM) was approved on 16 October 2018. A separate Reserved Matters for 176 dwellings (18/01777/REM) was received on 12 October 2018.	Housebuilder (CALA Homes) advised (November 2018) that they are expecting to start on site in December but that largely depends on the discharge of conditions in a timely manner by the Council. Expecting a build-out rate of 50-60 homes per year starting in late 2019. Countryside Properties advised (November 2018) that a faster delivery rate is expected. Land sales have moved at a faster pace. Advised that Bellway Homes are suggesting 50 homes per year. An extra care facility of 60 units is expected to be delivered by July 2023. 2 developers are expected in 2019 with 3 in future years and 4 with an extra care provider. Expected delivery rates to be 10 in 2018/19, 140 in 2019/20, 200 in years 2020/21 and 2021/22, 130 in 2022/23 and 29 in 2023/24.	Countryside Properties joint venture. This is phase 2 of the Kingsmere development which is at an advanced build stage. The Reserved Matters for 247 dwellings was submitted by Cala Homes. A separate Reserved Matters application for 176 dwellings was submitted by Bellway Homes. The site is expected to have at least 2 housebuilders. In interest of caution the expected delivery rates are lower than advised by Countryside Properties.	709	0	0	70	110	110	140	140	139	0	0	0	0	0	0	709

Cattle Market	0.79	Identified for 40 dwellings in the Non-Statutory Local Plan (2011)	-	Council owned site. CDC Parking Services advised (September 2018) that the Cattle Market is the only long stay car park in Bicester town centre and has recently been upgraded to pay on exit. The car park is very well used by local businesses and residents. The car park offers cheap all day parking, the Apcoa contract runs until 31 May 2022 and there are no pending plans to change the position with Apcoa.	Previously granted outline permission subject to s.106 (01/00073/CDC) but granted temporary change of use to public car park (04/00779/CDC & 09/00828/CDC). The site is required as a public car park during town centre redevelopment. Phase 1 has been completed. A review of the town's car parking capacity will need to be undertaken before the site is released. No more than 40 dwellings are likely to be provided due to the anticipated need for some informal parking and/or more scope to provide an attractive, open environment (square/open space). HELAA (2018) site HELAA264. The 2018 HELAA has considered the site to be developable. Estimated delivery rates pushed back. In temporary use as a public car park. Planning permission to extend the use of existing car park for a further 5 years (14/00461/CDC) was given on 20 June 2014. A new 5 year management plan has recently been signed by the Council which retains the car park use until September 2022.	0	0	0	0	0	0	0	20	20	0	0	0	0	0	40	
St. Edburg's School, Cemetery Road	0.7	-	-	-	Planning application 17/01578/OUT for erection of 10 dwellings was received in July 2017 and was withdrawn in September 2017. Due to the uncertainty of the site, it has been taken out of the 5 year housing land supply. This is a potential site if needed to address any identified shortfall in the Council's housing supply. The site should be kept under review. Development principles approved in October 2008. HELAA (2018) site HELAA262. The site is included in the Council's 2017 Brownfield Land Register.	0	0	0	0	10	0	0	0	0	0	0	0	0	0	10

Former RAF Upper Heyford	505	Local Plan allocation (2015) - Villages 5	Outline/Full/Reserved Matters - Outline permission 08/00716/OUT for a new settlement of 1075 (there are 314 existing homes, leaving a net new build of 761) dwellings, together with associated works and facilities including employment uses, community uses, school, playing fields and other physical and social infrastructure was granted on appeal on 11 January 2010. Revised outline application 10/01642/OUT permitted on 22 December 2011. Reserved Matters approvals ongoing. A separate application for additional 60 dwellings (13/01811/OUT) was approved on 31 March 2016 with the Reserved Matters (16/00627/REM) approved on 31 August 2016. A Full application for 43 dwellings (16/00263/F) was approved on 8 May 2017. A permission for 13 dwellings (16/00627/REM) which resulted in a net loss of 1. Resolution to approves for 79 homes (15/01357/F) on a greenfield site within the strategic allocation by Pye Homes and 297 homes (16/02446/F) by Dorchester on the western part of the site. Total number of homes on site with planning permission (including completions at 31/3/18) is 863.	Housebuilder (Dorchester Living) advised (October 2018) that the expected delivery for 2018/19 has been lower than the previously assumed rate of 102 units due to delays and issues in receiving planning permission for the village centre north. This has impacted on the parcel for 91 homes which could not be started. Construction has uncovered unidentified contamination within the parcel for 60 homes therefore construction on this parcel has stopped until it has been fully remediated. Dorchester have built up a team and business model that allows for delivery of 150 homes per year if the Council and Oxfordshire County Council are able to fully resource the timely determination of planning applications to facilitate implementation and delivery of the site. Provided revised expected delivery rates for only Dorchester: 52 in 2018/19, 90 in 2019/20, 130 in years 2020/21 and 2021/22, 150 in years 2022/23 to 2028/29, 120 in 2029/30 and 103 in 2030/31. The original permission for 761 homes will be delivered by 2020/21. A resolution to approve for 296 homes and a HYBRID application for 1175 homes will need to be processed quickly to help with the expected delivery rates. Also advised that once Bovis Homes have completed their units, Dorchester are not intending to sell any further parcels. Bovis Homes advised (October 2018) that 41 homes are expected in 2018/19 and 55 homes during 2019/20 and are unable to provide expected delivery rates post 2019/20.	The site has been acquired by the Dorchester Group who have signed up Bovis Homes as a partner housebuilder. A Planning Performance Agreement is being finalised which will speed up the planning process at this site. The site is currently under construction with approximately half of the permitted dwellings already built.	420	443	80	130	130	130	150	150	150	150	150	150	150	150	150	120	103	2186
