CONVERSION OF BUILDINGS IN THE COUNTRYSIDE

H19 PROPOSALS FOR THE CONVERSION OF A RURAL BUILDING, WHOSE FORM, BULK AND GENERAL DESIGN IS IN KEEPING WITH ITS SURROUNDINGS TO A DWELLING IN A LOCATION BEYOND THE BUILT-UP LIMITS OF A SETTLEMENT WILL BE FAVOURABLY CONSIDERED PROVIDED:-

(i) THE BUILDING CAN BE CONVERTED WITHOUT MAJOR REBUILDING OR EXTENSION AND WITHOUT INAPPROPRIATE ALTERATION TO ITS FORM AND CHARACTER;

(ii) THE PROPOSAL WOULD NOT CAUSE SIGNIFICANT HARM TO THE CHARACTER OF THE COUNTRYSIDE OR THE IMMEDIATE SETTING OF THE BUILDING;

(iii) THE PROPOSAL WOULD NOT HARM THE SPECIAL CHARACTER AND INTEREST OF A BUILDING OF ARCHITECTURAL OR HISTORIC SIGNIFICANCE;

(iv) THE PROPOSAL MEETS THE REQUIREMENTS OF THE OTHER POLICIES IN THE PLAN.

2.81 It is intended that this policy should encourage the conversion not of buildings of modern construction but of traditional farm buildings whether or not they are listed as being of architectural or historic interest whose usefulness has been displaced by modern farming methods. Many of these buildings are suitable for alternative non-agricultural use but some are not. For example, a free-standing cattle shelter or hovel will not normally be regarded as worthy or suitable for conversion whereas a substantially built barn in a relatively good structural condition might well be acceptable. The Council will resist proposals that imply substantial rebuilding and are tantamount to the erection of a new dwelling in the countryside.

2.82 It is important to protect the appearance and character of the countryside for present and future generations. Residential use can bring with it characteristics which are difficult to reconcile with unspoilt countryside, including caravans, sheds, greenhouses and swimming pools, which are often exempt from planning control. The Council will, therefore, carefully assess individual proposals in terms of the visual impact they would have on the landscape within which they are situated. In many cases it will be possible to mitigate visual intrusion by appropriate indigenous tree planting and the definition of a curtilage for the building in a manner appropriate to its setting, e.g. natural stone walls or hedging of indigenous species. In an isolated location in relatively open landscape such measures are unlikely to be effective and conversion would be resisted.

2.83 Policy H19 seeks to minimise the extent of physical changes to a building worthy of retention for architectural, historic or aesthetic reasons and for this reason, conversions

of such buildings to more than a single dwelling are unlikely to be acceptable. The conversion of a barn for example, the intrinsic character of which is in most cases in its simplicity, is less likely to be satisfactorily achieved if it requires fenestration and door openings to serve two dwellings rather than one. Similarly while the conversion to a dwelling or other new uses can frequently be the key to the preservation of an historic rural building the work should not damage the fabric or character of the building for example through the subdivision of large spaces or the removal of features which contribute to the special character and interest of the building.

C28 CONTROL WILL BE EXERCISED OVER ALL NEW DEVELOPMENT, INCLUDING CONVERSIONS AND EXTENSIONS, TO ENSURE THAT THE STANDARDS OF LAYOUT, DESIGN AND EXTERNAL APPEARANCE, INCLUDING THE CHOICE OF EXTERNAL-FINISH MATERIALS, ARE SYMPATHETIC TO THE CHARACTER OF THE URBAN OR RURAL CONTEXT OF THAT DEVELOPMENT. IN SENSITIVE AREAS SUCH AS CONSERVATION AREAS, THE AREA OF OUTSTANDING NATURAL BEAUTY AND AREAS OF HIGH LANDSCAPE VALUE, DEVELOPMENT WILL BE REQUIRED TO BE OF A HIGH STANDARD AND THE USE OF TRADITIONAL LOCAL BUILDING MATERIALS WILL NORMALLY BE REQUIRED.

C30 DESIGN CONTROL WILL BE EXERCISED TO ENSURE:

(i) THAT NEW HOUSING DEVELOPMENT IS COMPATIBLE WITH THE APPEARANCE, CHARACTER, LAYOUT, SCALE AND DENSITY OF EXISTING DWELLINGS IN THE VICINITY;

(ii) THAT ANY PROPOSAL TO EXTEND AN EXISTING DWELLING (IN CASES WHERE PLANNING PERMISSION IS REQUIRED) IS COMPATIBLE WITH THE SCALE OF THE EXISTING DWELLING, ITS CURTILAGE AND THE CHARACTER OF THE STREET SCENE;

(iii) THAT NEW HOUSING DEVELOPMENT OR ANY PROPOSAL FOR THE EXTENSION (IN CASES WHERE PLANNING PERMISSION IS REQUIRED) OR CONVERSION OF AN EXISTING DWELLING PROVIDES STANDARDS OF AMENITY AND PRIVACY ACCEPTABLE TO THE LOCAL PLANNING AUTHORITY.

9.69 The Council wishes to secure environmental enhancement through new development. Proposals that would detract from the character of an area owing to obviously poor design will be resisted. Similarly proposals that would change the established character of an area, by, for example, introducing high-density housing development where low densities predominate, will normally be unacceptable. The design and layout of new development can also assist with crime prevention and the Council will have regard to the advice in Circular 5/94 'Planning Out Crime' and 'Secured by Design' initiative. The assistance of the Thames Valley Policy Architectural Liaison Officer will be sought in this context.
