YOUR COMMENTS ON THE CASE

I wish to very strongly oppose the plans to build another phase of warehousing running adjacent to Howes Lane. My house and garden are right next to this road and it makes life a complete misery. The volume of traffic is horrendous and is non stop with constant cars and in particular lorries hurtling down this road day and night. I don't use my garden because of the noise and pollution created, I don't open my windows, my sleep is disrupted every night by lorries speeding down this road which is affecting my health, my internal doors rattle and I am seeing many cracks appear in walls which I am told is due to the vibration from the traffic from Howes Lane. Life is a misery living next to this road and new warehousing will bring in more heavy goods vehicles using this road and more cars with staff commuter traffic and will also restrict daylight into my home with these buildings overshadowing my house. There was plans to have this road moved but then it was decided the money to do this would be better allocated elsewhere, it is like the council really do not care or listen to people living here. I really cannot stress to you how bad this road is and it really is affecting my health and I know from speaking to others who live along side or near this road that I am not alone when I say this. Please, please listen to the residents living here and do not allow this planning to be approved and cause us more misery.
