Hannah,

Many thanks for your email. I will record this extension of time as agreed and we will continue discussions over the coming weeks to ensure there is clarity over outstanding points and how those might be dealt with going forward.

I look forward to receiving the agenda for tomorrow.

Kind regards

Caroline

Caroline,

Further to your email below, and to the discussion at our meeting on 1st December, I can confirm that my Client is happy to extend the deadline for the determination of the application (21/01630/OUT) to 10th February 2022 in order to enable you to present the application to your Planning Committee that day. We appreciate that further time will be required post-Committee for the final drafting and agreement of the S106, but would reiterate our previous conversations and offers to assist you with the drafting of planning conditions and the S106 agreement. It is our view that this work can be commenced and can continue in the background whilst we continue to negotiate and agree on the details of the application and VA.

I will circulate an Agenda tomorrow for our Wednesday meeting.

Subject: RE: 31036-A3-NW Bicester-Submission of responses

Hannah,

I have just carried out a full re-consultation for all information allowing 30 days rather than giving different lengths of time for different information (which would have confused matters in my view).

Whilst writing, in my letter of the 21 September 2021, I requested an extension of time until the end of 31 March 2022 for now (I'm anticipating it is likely that a further extension of time would be required but this can be discussed at a later date). Please could you confirm by return if this agreed so that I can update our system?

The above is, of course, without prejudice.

Kind regards
Caroline

Thanks for confirming that Caroline. Are all the documents/plans out for consultation for 30 days ? It was my understanding that the EIA information should be 30 days, with the remainder being 21 days.

Afternoon Caroline,

I just wanted to check that you have received the package of documents and plans (plus letter) that we sent earlier in the week, and that you have been able to successfully download them from the zip file. If you could update e that would be great, as we need to understand when the clock starts to tick again on the consultation periods for those documents.

Thanks.
