S106 Firethorn Working draft 03-01-2023.xlsx

## Dear All.

Please see attached an updated table which retains a contribution towards Bicester Leisure Centre following discussions with my colleagues in the Recreation and Leisure team today. There remain some outstanding queries with certain aspects which I am awaiting feedback on and your response on the open space/ play area management and maintenance point below would be appreciated.

The recommendation report is in an almost complete form and will be checked by Senior Officers tomorrow. Subject to their agreement it will be put onto the agenda for the January Planning Committee with some matters needing to be finalised via the written updates sheet.

Your response to the requested extension of time would be appreciated by return please.

This is provided entirely without prejudice.

Kind regards Caroline

Subject: RE: North West Bicester Viability

Dear All.

Please see attached – you need to scroll across and my table is adjacent to yours – please note, this is though based on your original table, rather than the table forwarded last week which I apologise for – I had already started working on this so it made sense to continue.

I have included notes to explain and I must stress that there are a couple of things still to be confirmed (I am awaiting confirmation as to whether funding for the Banbury Road roundabout improvements needs to be re-couped so this remains in the total for now).

I also wanted to check how you propose to deal with landscape maintenance costs as these are not accounted for within this table. Please advise.

The table indicates the figure and the indexation base – for CDC, we have updated these to December 2022 figures but the OCC requests remain as per their indexation (apologies but I have not managed to ask for these to be updated or for your figures to be checked – this can be actioned into the New Year).

I trust that this is helpful at this stage but I must stress that this is provided entirely without prejudice.

Lastly, I wish you all a very Happy Christmas.

Kind regards Caroline

Subject: RE: North West Bicester Viability

**CAUTION:** This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Caroline,

Whilst our meeting at your offices last week was productive, with some key points agreed and a way forward set out by Alex at the end of the meeting (please refer to the meeting notes attached), we need to keep up the momentum to ensure that the final points on viability are agreed asap between parties. We are still working towards the presentation of this application to your Planning Committee on 12th January, unless you advise us otherwise. I am aware that Hannah sent across the information required to address the Parameters points that you have raised last week, and the OCC Highways objection has been removed, so viability remains the key outstanding point to be finalised/agreed.

As advised at the meeting last week, what we need now is the final S106 table in order to provide final conclusions on the viability position and ensure that we can provide the best offer possible for presentation to Members, with a focus on maximising affordable housing. We have been asking for the S106 table for some time and it remains outstanding, and it is now crucial to this application being able to progress. To this end we would be grateful for a timescale for its receipt. Our Client has made clear that there is now an increasing amount of pressure on the remaining time within which a positive resolution, S106 and formal planning approval need to be achieved, and we cannot afford anymore slippage in this respect.

Kind Regards

Archie

Archie

Hope you are well.

Please find the raw land registry data from the UK Gov/ONS website attached that I used to inform my sensitivity test. My file notes suggest that I took the figures from March 2022 to August 2022 in order to generate the % figures referred to in my report.

Kind regards

Nigel

Morning Archie

Hope you are well.

Yes certainly, I'll dig those out for you tomorrow when I'm back at my desk. That sensitivity test was informed direct from by UK Land Registry data on the ONS website from what I recall.

Kind regards

Nigel

Subject: FW: HLD FVA Report - North West Bicester - Email 1 of 4

Hannah, Archie,

Please see attached the FVA from HLD received through this morning. There are three separate emails with the appendices which will follow. I will put these onto the file and make them public this morning.

I would be grateful for your response to this as soon as possible given where we are relative to our deadline for the Planning Committee report.

With respect to your separate email on Friday Hannah, on the basis that we are working towards the December Committee, I don't think there will now be time to share the draft report in advance of it being finalised as we are likely to be working on this close to the deadline. We need the time this week to finalise this so I would also prefer not to arrange a further meeting which will take time away from working on the report.

I trust this is of assistance at this stage. I must though stress that this is provided entirely without prejudice to any formal decision by the Local Planning Authority.

Kind regards Caroline

Caroline

I hope that you are keeping well and had a good weekend?

Please find attached our final FVA report for the above. Due to its size, I have split the report and appendices into 4 separate documents. The 3 appendices will now follow in separate emails.

I trust that this is in order; however, if you have any queries, please do not hesitate to contact me.

Kind regards

Nigel
