## **YOUR COMMENTS ON THE CASE**

Ambrosden has had more than its fair share of building estates, our water and electricity can not stand more houses built. We are suppose to be a village, you have recently refused others due the road being at capacity. Preim did not consult the people on West Hawthorn who the cut through will have an impact on. You are decimating our countryside, we still have houses being built in the village that are most certainly not affordable housing. The village is at capacity. There are 1300 home being built just down the road at Wretchwick I really don't understand why you need to build on more land within the village.
