Comments	<input type="text" value="I am objecting to the planning application that has been submitted for up to 120 new houses off Ploughley Road, Ambrosden.

The village has recently had several new developments, and along with this application and others recently submitted without proper consideration for the infrastructure of the village. There will most definitely be a major increase of traffic with ~240 extra cars heading into the village.

There are already plans to build a over 1500 homes behind Symmetry Park in close proximity to Ambrosden.

With the ongoing construction of traffic lights at the Ploughley Rd/A41 junction, rush hour traffic will become impossible when trying to get out of the village when also taking into consideration the entrance/exit of the new development.

I ask that you carefully review what another development will do to the 'village' of Ambrosden and deny this planning application."/>
