| Type of Comment | <input type="text" value="Objection"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="Once again we have yet another development proposed and will no doubt go ahead (as they all do) with absolutely no consideration for the villagers of Ambrosden. People bought houses in Ambrosden because they wanted to live in a village and the life that goes with it. You are literally linking a village to Bicester town. If we had wanted town life, we would have bought in Bicester! It's absolutely ludicrous. Like we have not had enough disruption with constant building, we have permanent traffic lights going in at the junction with the A41 which will cause queues of traffic and now you're going to add further traffic to that. I fail to understand the mindset of those who grant this, but let's be honest, it's all money, money, money. Bicester used to be a beautiful market town, it's now warehouse city, it's dirty and just a typical horrible looking town. Not content with that, you're now destroying villages, fields, wildlife, footpaths & what was once beautiful walks and countryside. It doesn't matter who or how many object, it doesn't matter what we say & what evidence we give because it's always to hell with what anyone says, money is the only thing that talks for you people in the planning department. Your decision is already made and planning will be granted as it ALWAYS is. There's not a field that is safe from you putting a load of concrete on it in Ambrosden, the building is absolutely endless. Congratulations on destroying yet another village."/> |
