Dear Inspector,

I thought you would be interested in a possible false statement made on the application in respect of the ownership of the Pub whereby he has stated and signed to say he is the sole owner of the property . On the attached Land register copy of the ownership for the property you will note that he is not the owner!!

Regards

[REDACTED] Coordinator for the BBSG (Bishops Blaize Support Group)

You may be interested in the fact that since they bought the pub it has been shut for years at a time while they make many planning applications most of which failed. 25 planning applications and 14 appeals)

The BBSG will be sending you more objection details in the near future.
