What kind of representation are you making?

- Final Comments
- Proof of Evidence
- Statement
- Statement of Common Ground
- Interested Party/Person Correspondence
- Other

YOUR COMMENTS ON THE CASE

I would not like this development to go ahead, we are surrounded by lovely fields and wildlife. There are already 2 developments in progress, one at the bottom of duke's meadow drive and one at the top on the Warwick road. There was also planning permission put in for more houses opposite the Hanwell arms on dukes meadow drive.

It is already noisy with both of these developments and the roads around here are already in poor condition with all the construction equipment travelling around. The roads are constantly muddy due to all the building works even though road sweepers pass regularly.

The health care in banbury is not set up for the current population of banbury let alone with all the new houses being built. Banbury is getting bigger yet the Horton hospital is getting smaller.

This development will result in more noise, light pollution, traffic, pollution on already polluted roads through Banbury like henneff way and much much more. It will enclose on the small village of Hanwell. It needs to stop somewhere.
