Dear Mrs Reid,

Thank you for the statement submitted on behalf of Hanwell Parish Council.

You mention the Parish Council wish to speak at the inquiry and present a video. You should make these requests at the opening session, but the Inspector has asked that you provide a copy of your presentation/speaking notes/video to the Inspectorate at least 7 days before the inquiry opens i.e. 28 May.

It is your responsibility to contact the local planning authority to find out whether they have suitable equipment at the venue to access the evidence, or if they will allow you to use your own. The equipment must be suitable to play the evidence so that everyone can see/hear it. You must have copies available at the inquiry as if the Inspector decides to accept the evidence you will need to give a copy to the local planning authority and appellant.

A copy of your representations and my reply will be sent to the appellant and Council.

Kind regards

Alison
