Dear Sir/Madam,

Ref: 23/00853/OUT Land East of Warwick Road, Drayton, Banbury

An archaeological evaluation has been carried out on the site which recorded Iron Age features. A report has been submitted as part of this application, however, this report has not been approved by the County Archaeology Service. The agreed WSI for the evaluation stated that a draft version of the report would be submitted for approval; as such we have a number of comments to make at this stage before we can accept the report and comment on further archaeological mitigation on the site. The archaeological consultant working on this project has been contacted regarding these changes.

Once an agreed evaluation report has been submitted we will be able to comment on this application.

Kind regards,

Victoria
