Comments:

I understand that people want to make money and families need places to live, however Bloxham has an already extraordinary amount of people living here which puts huge strain on resources.

Specially, I am talking about the schools. I have worked in the primary school for a while in the yr6 class where there was a class of over 60 split into two. There was 60 children going up in one year to Warriner. Bloxham primary can't possible expand anymore and Warriner already has over 1,500 students!! If you're going to build more house WE NEED THE RESOURCES TO SUPPORT THEM!! If Galdstones is building all these new house developments then THEY should be contributing to the building of new schools and services!! Or make the catchment area smaller for both schools
