Subject: New comments for application 19/01705/OUT

New comments have been received for application 19/01705/OUT at site address: Land Adjoining And West Of Bloxham Recreation Ground South Newington Road Bloxham

from Caroline smith

Address:

3 Winters Way, Bloxham, Banbury, OX15 4QS

Comment type:

Objection

Comments:

I object to this planning application due to the fact this development encroaches on a nature reserve which has protected species such as newts within this. It is out of the village boundary in an area of beauty and the circular footpath runs through this. Bloxham cannot cope with any more development or traffic this creates.

It is outside the village boundary and would create traffic difficulties as main road access has blind spots so not safe to consider.

This application should not be considered due to all of the above reasons. Too much damage to Bloxham's natural environment has been done already. Look at the state of the Tadmarton road development for instance. This failed on promises to provide adequate parking for the primary school and the roads are more of a danger now than ever and a new development will just create more chaos than this beautiful village can cope with. This application needs to be thrown out!

Case Officer:

Samantha Taylor
