Subject: Gladman planning application

Dear Ms Taylor,

We wish to register our strongest objection to yet another planning application from Gladman, who are just land speculators, for more housing in Bloxham.

We have been targeted by developers for over 5 yrs and this is yet another attempt to circumvent the Neighbourhood Plan. As a Council we look to you to uphold the wishes of the villagers that any planning application is refused on the grounds that it is against the Neighbourhood Plan, will bring more traffic into the village, which already suffers from traffic congestion, and will mean that any children will probably not gain access to the primary school.

Your sincerely

Mike & Sylvia Davy
