Subject: Keep Bloxham Rural

Dear Samantha

We are long time residents of Bloxham. - 16 Painters Close Bloxham.

I write on behalf of my husband - to object to the Gladman proposals for land surrounding the recreation ground to the west of the village

- Bloxham has 3 substantial new development in the last 5 years - an incremental increase of 220 new homes
- 50% growth in the village in the last 10/15 years
- primary school is full and can not expand
- huge congestion in the current shopping area
- A361 heavily used with increasing amounts of HGV traffic
- Loss of village character
- Contrary o neighbourhood plan and outside the building line

We are unable to attend the village meeting on the 02/10 but trust you will add our objections to the many other village voices who oppose this proposed development.

Yours sincerely

Anna and Paul Galvin
