PLANNING APPLICATION: 19/01705/OUT.

Dear Samantha Taylor.

We are writing our serious objections to this planning application. On the great Number of reasons why it can not surely be granted.

- 1 Bloxham is a village not a suburb.
- 2 There has already been over four hundred houses built not all occupied.
- 3 The Primary School is over subscribed, It is very important that young children attend school in their own village.
- 4 The main road the [A361] through the village is far far to busy already.
- 5 The recreation ground will be enclosed on three sides turning it into urban space.
- 6 The slade nature reserve a registered wildlife site will be surrounded with houses making animals to leave. It would also encourage flooding.
- 7 The Doctors surgery is already under pressure making it difficult to make an appointment.

Bloxham is a rural village please let it stay that way.

Yours faithfully Peggy and David Clacy.
