Dear Bernadette,

I am submitting the attached consultation response to applications 19/01740/HYBRID and 19/01746/OUT on behalf of our client Bloombridge Development Partners (I believe you are in touch with Richard Cutler at Bloombridge in relation to the Bicester Gateway development).

The attached document provides a review of the revised Transport Assessment submitted by Albion Land in support of applications 19/01740/HYBRID and 19/01746/OUT. It follows an initial review of the Transport Assessment originally submitted by Albion Land.

The issues raised in our original review have not been addressed by the revised Transport Assessment and additional issues have been identified. Our clients would welcome the opportunity to discuss these points with both Cherwell District Council and Oxfordshire County Council (as the local highway authority).

I trust this is acceptable and would be grateful if you could confirm receipt of this email and attached Note.

Kind regards
