<[clerk@westonontheGreen-pc.gov.uk](mailto:clerk@westonontheGreen-pc.gov.uk)>

**Subject:** FAO Cherwell District Council,

It is with strong objection that I write.

The planning application above is in direct conflict with local development plans, of which there is already saturation with respect to the following.

There is absolutely no need for any such a development in our locality. If there was, residents would have asked for one.

The proposed development does, will add insult to injury, fueling pollution from vehicles, and light. We knew it anyway but there is disturbing and recent evidence that reveals light pollution is having as serious affect on wildlife, and us Humans.

The spread of development is bad enough in Bicester, but the local area surrounding it is quickly morphing into a colossal estate of concrete, commerce, industry, and light pollution, in which traffic is gridlocked most of the time.

Surrounding villages are, and will be, used as shortcuts, adding to what is already a heavily congested area. Regularly vehicles exceeding the lawful weight limit use these shortcuts

Sincerely

--
