<b>Comments</b>	<input type="text" value="This proposed development is so out of character for this part of Oxfordshire and, although admittedly it would produce some additional employment - [but what sort of jobs!?!] - (and in any case unemployment in the area is quite low), there is no way the infrastructure can cope with potentially 500,000 cars per annum: this would totally destroy and gridlock the surrounding roads and villages causing complete chaos. Road safety would become even more a major issue (as it is, when there are accidents etc on A34 or M40 around junction 9 traffic gets diverted through surrounding villages): add this proposed development to this issue and we would have complete standstill!!!"/>
